Introduction	5

TERM 1

Term 1: Handball & Cross Country

Unit 12: Handball

6

12.1	Introduction / Rules	6
12.1.1	Court layout and goals	12.1.2 Scoring system
12.1.3	Basic rules (3 steps, dribbling, goal area)	12.1.4 Fair play
12.2	Warm-Ups	14
12.2.1	Dynamic warm-up	12.2.2 Passing in pairs
12.2.3	Reaction games with ball	
12.3	Ball Skills	20
12.3.1	Dribbling techniques	12.3.2 Passing (bounce, overhead, fast pass)
12.3.3	Receiving under pressure	
12.4	Shooting	26
12.4.1	Jump shot	12.4.2 Set shot
12.4.3	Shooting under pressure	
12.5	Defensive Skills	32
12.5.1	Marking players	12.5.2 Blocking shots
12.5.3	Team defensive shape	
12.6	Game Strategies	38
12.6.1	Fast breaks	12.6.2 Using width
12.6.3	Coordinated attacks	
12.7	Game Scenarios	44
12.7.1	Small-sided games	12.7.2 Conditioned games
12.7.3	Class tournaments	
12.8	Cool-Down & Reflection	50
12.8.1	Stretching arms, shoulders, legs	12.8.2 Breathing recovery
12.8.3	Reflection on tactics	
12.9	Assessment	54
12.9.1	Collective Assessment	

Unit 2: Cross Country

58

2.1	Introduction / Rules	58
2.1.1	What is cross country running	2.1.2 Safety and terrain awareness
2.1.3	Pacing strategies	
2.2	Warm-Ups	62
2.2.1	Dynamic stretches	2.2.2 Jogging and mobility drills
2.2.3	Stride-outs	
2.3	Running Techniques	66
2.3.1	Correct posture	2.3.2 Arm drive
2.3.3	Uphill vs downhill running	
2.4	Endurance Development	70
2.4.1	Interval training	2.4.2 Fartlek running
2.4.3	Long slow runs	
2.5	Race Strategies	74
2.5.1	Starting pace	2.5.2 Positioning in pack
2.5.3	Finishing strong	
2.6	Game Scenarios	78
2.6.1	Relay races	2.6.2 Time trials
2.6.3	Class competitions	
2.7	Cool-Down & Reflection	82
2.7.1	Light jogging and walking	2.7.2 Stretching legs and back
2.7.3	Breathing and reflection	
2.8	Assessment	86
2.8.1	Individual Assessment	

TERM 2

Term 2: Volleyball & Basketball

Unit 5: Volleyball

90

5.1	Introduction / Rules	90
5.1.1	Court layout and markings	5.1.2 Scoring system (rally point)
5.1.3	Rotations and positions	5.1.4 Basic rules (net touch, service, double hit)
5.2	Warm-Ups	94
5.2.1	Dynamic warm-up	5.2.2 Partner ball control
5.2.3	Reaction drills with ball	
5.3	Ball Control	98
5.3.1	Forearm pass (bump)	5.3.2 Overhead pass (set)
5.3.3	Digging low balls	
5.4	Attacking Skills	102
5.4.1	Spiking technique	5.4.2 Tipping at the net
5.4.3	Serving (underhand, overhand, jump serve)	
5.5	Defensive Skills	106
5.5.1	Blocking technique	5.5.2 Team defensive positions
5.5.3	Reading opponents	
5.6	Game Strategies	110
5.6.1	Team rotations	5.6.2 Offensive formations
5.6.3	Defensive systems	
5.7	Game Scenarios	114
5.7.1	Small-sided games	5.7.2 Conditioned rallies
5.7.3	Class matches	
5.8	Cool-Down & Reflection	118
5.8.1	Stretching arms and legs	5.8.2 Breathing exercises
5.8.3	Reflection on teamwork	
5.9	Assessment	122
5.9.1	Collective Assessment	

Unit 3: Basketball

126

3.1	Introduction / Rules	126
3.1.1	Court markings and layout	3.1.2 Scoring system
3.1.3	Personal fouls and violations	
3.2	Warm-Ups	130
3.2.1	Dynamic stretches with/without ball	3.2.2 Passing lines
3.2.3	Reaction drills	
3.3	Ball Handling	134
3.3.1	Dribbling with both hands	3.3.2 Crossover and change of pace
3.3.3	Protecting the ball under pressure	
3.4	Passing	138
3.4.1	Chest pass, bounce pass, overhead pass	3.4.2 Passing in motion
3.4.3	Decision making: when to pass vs dribble	
3.5	Shooting	142
3.5.1	Layups (right and left hand)	3.5.2 Set shots and jump shots
3.5.3	Free throws	
3.6	Defense	146
3.6.1	Man-to-man defense	3.6.2 Zone defense basics
3.6.3	Defensive footwork and stance	
3.7	Game Strategies	150
3.7.1	Fast breaks	3.7.2 Pick and roll
3.7.3	Spacing and ball movement	
3.8	Game Scenarios	154
3.8.1	Small-sided games (3v3, 4v4)	3.8.2 Full court game
3.8.3	Conditioned play (e.g., 2 dribble limit)	
3.9	Cool-Down & Reflection	158
3.9.1	Stretching major muscle groups	3.9.2 Deep breathing and relaxation
3.9.3	Self and peer evaluation	
3.10	Assessment	162
3.10.1	Collective Assessment	

HOW TO USE THIS BOOK

GUIDE | Page 1 of 1

Coach's Insight

Mr Filipe Baptista

"Year 13 is the pinnacle of your Upper Secondary Physical Education journey. Success now depends on performing with confidence, applying advanced tactical knowledge, leading by example, and demonstrating the discipline and resilience expected of independent athletes. Every lesson prepares you for lifelong participation in sport, higher education, and future leadership."

Performance Tip

Mr Claudio Pardal

"Outstanding athletes continue to learn, adapt, and improve. Whether you're competing in Handball, Cross Country, Volleyball, or Basketball, excellence comes through commitment, intelligent decision-making, teamwork, resilience, and the determination to perform at your highest level every day."

Year 13 • 2026–2027 • Student Book

Teachers

Mr Filipe Baptista • Mr Claudio Pardal

Welcome to PrimeBooks Gym Year 13

PrimeBooks Gym Year 13 has been carefully designed as the final stage of the PrimeBooks Upper Secondary Physical Education programme. This course challenges students to demonstrate advanced technical excellence, tactical intelligence, leadership, independence, and consistent high-level performance through demanding practical activities and competitive sporting experiences.

Throughout this course you will strengthen your sporting ability while developing the confidence, resilience, communication, leadership, and decision-making skills needed for lifelong participation in sport, physical activity, and healthy living.

During this academic year you will study:

- **Term 1:** Handball & Cross Country
- **Term 2:** Volleyball & Basketball

Each unit begins with the rules, equipment, safety procedures, and essential techniques before progressing towards advanced tactical concepts, competitive performance, leadership opportunities, performance analysis, and practical assessment.

How to Study Each Unit

① Build Expert Foundations

Study the introduction to understand the history, rules, equipment, playing area, safety expectations, and learning objectives before beginning practical activities.

② Master Advanced Performance

Analyse every movement carefully, observe demonstrations, apply coaching points, and practise consistently until every technique becomes accurate, efficient, and automatic.

③ Train with Purpose

Complete individual, partner, and team-based activities designed to improve technical execution, physical fitness, tactical awareness, communication, leadership, and confidence.

④ Apply Expert Coaching

Use your teachers' guidance, analyse your own performance, embrace constructive feedback, and continually refine both technique and tactical understanding.

⑤ Perform Under Competitive Pressure

Take part in realistic matches, races, tactical challenges, and competitive scenarios that develop confidence, adaptability, resilience, and intelligent decision-making.

⑥ Demonstrate Excellence

Complete practical assessments that evaluate technical ability, tactical understanding, teamwork, leadership, communication, fitness, and personal reflection.

Learning Features

Feature	Purpose
 Introduction	Learn the rules, equipment, safety procedures, objectives, and key concepts for each activity.
 Performance Focus	Develop advanced techniques through demonstrations, guided practice, and progressive skill development.
 Coach's Insight	Professional advice from your teachers to improve technique, tactics, leadership, and performance.
 Performance Check	Identify common mistakes, improve efficiency, and practise safely.
 Practice Activities	Develop confidence through structured individual, partner, and team-based drills.
 Performance Challenges	Apply skills in realistic matches, races, tactical scenarios, and competitive situations.
 Assessment	Demonstrate practical performance, tactical understanding, leadership, teamwork, and reflection.

Remember

Excellence in Physical Education is achieved through commitment, discipline, resilience, teamwork, leadership, and continuous improvement.

Every lesson is an opportunity to become stronger, more skilful, more confident, and better prepared for higher education, competitive sport, coaching, leadership roles, lifelong fitness, and healthy living.

INTRODUCTION

INTRODUCTION | Page 1 of 1

Coach's Insight

Mr Claudio Pardal

"The greatest athletes never stop improving. They embrace challenges, analyse every performance, support their teammates, and continually refine their skills. Year 13 is your opportunity to demonstrate maturity, leadership, confidence, and excellence while preparing for the next stage of your sporting journey."

Next Unit

PrimeBooks Gym Year 13

Academic Year 2026–2027 • Physical Education • Upper Secondary Course Book

Welcome

Welcome to **PrimeBooks Gym Year 13**.

This Upper Secondary Physical Education course has been designed to prepare students for the highest level of school sport by developing advanced technical performance, tactical intelligence, leadership, independent learning, and lifelong healthy habits through engaging practical experiences and competitive activities.

Students will continue refining their performance while becoming analytical, responsible, confident, and independent participants in physical activity.

Throughout this course you will develop:

- Advanced Physical Fitness
- Elite Sport-Specific Techniques
- Tactical Intelligence
- Communication Skills
- Leadership
- Teamwork
- Decision-Making
- Performance Analysis
- Self-Management
- Confidence & Resilience

Aligned with the **Cambridge Upper Secondary Physical Education** philosophy, this course combines practical performance, tactical understanding, fitness development, leadership, reflection, and healthy living within a structured programme of progressive learning.

Each unit follows a carefully sequenced pathway, beginning with essential knowledge before advancing towards advanced techniques, tactical applications, competitive performance, and practical assessment.

Course Aims

By the end of this course, you will be able to:

- ✓ Perform advanced sport-specific techniques with precision, confidence, and consistency.
 - ✓ Apply tactical strategies effectively in both individual and team sports.
 - ✓ Improve strength, endurance, speed, agility, flexibility, coordination, balance, power, and overall athletic performance.
 - ✓ Demonstrate leadership, communication, collaboration, resilience, and sportsmanship during practical activities.
 - ✓ Analyse performance, evaluate strengths and areas for improvement, and respond positively to coaching feedback.
 - ✓ Demonstrate responsibility, discipline, integrity, and respect throughout every sporting activity.
 - ✓ Develop lifelong habits that promote health, wellbeing, leadership, and continued participation in physical activity.
-

Course Overview

Term 1

Handball & Cross Country

Students develop advanced passing, dribbling, shooting, defensive organisation, attacking systems, tactical movement, communication, teamwork, endurance, pacing strategies, efficient running mechanics, cardiovascular fitness, race management, and performance analysis through **Handball** and **Cross Country**.

Term 2

Volleyball & Basketball

Students refine advanced serving, passing, setting, attacking, blocking, team rotations, offensive and defensive systems, ball handling, shooting, passing combinations, defensive positioning, tactical awareness, communication, teamwork, strategic decision-making, and competitive performance through **Volleyball** and **Basketball**.

Cambridge Learner Attributes

Throughout this course, students are encouraged to become:

Confident

Apply advanced techniques accurately while performing confidently in demanding practical situations.

Responsible

Demonstrate integrity, respect, leadership, and accountability towards teammates, opponents, officials, teachers, facilities, and equipment.

Reflective

Evaluate your performance honestly, embrace constructive feedback, and continually refine your skills and tactical decision-making.

Innovative

Think creatively, adapt tactics, solve movement challenges, and respond effectively to changing sporting situations.

Engaged

Participate enthusiastically, communicate positively, lead by example, and contribute fully to every lesson and team activity.

Learning Journey

Every unit follows the same pathway:

Introduction

Learn the rules, equipment, safety procedures, and learning objectives.

Skill Development

Master essential and advanced techniques through demonstrations, coaching, and guided practice.

Performance Training

Develop confidence, fitness, tactical awareness, teamwork, and leadership through structured practical activities.

Competitive Scenarios

Apply your skills in realistic matches, races, tactical challenges, and competitive situations.

Assessment

Demonstrate technical ability, tactical understanding, leadership, communication, teamwork, fitness, and personal reflection.

Our Goal

"Physical Education is about striving for excellence through commitment, discipline, resilience, leadership, teamwork, and continuous improvement. By embracing every challenge with determination and integrity, every student can achieve their potential, build lasting confidence, and develop a lifelong passion for sport, physical activity, coaching, leadership, and healthy living."

Assessment Policy

ASSESSMENT POLICY

PRIMEBOOKS YEAR 7 • PHYSICAL EDUCATION

CAMBRIDGE
Lower Secondary

HOW STUDENTS ARE ASSESSED

Assessment in Physical Education provides students with opportunities to demonstrate their practical skills, physical fitness, understanding of game strategies, and personal development throughout the academic year.

Students are assessed using a combination of practical performance, physical fitness testing, and written knowledge, ensuring that every learner has the opportunity to demonstrate achievement across different aspects of Physical Education.

The assessment programme aligns with the aims of the Cambridge Lower Secondary Physical Education Curriculum, promoting skill development, teamwork, responsibility, reflection, and lifelong participation in physical activity.

ASSESSMENT OVERVIEW

ASSESSMENT TYPE	DESCRIPTION	WHEN ASSESSED
Collective Sports Assessment	Practical assessment of students' ability to apply technical skills, tactical understanding, teamwork, communication, and fair play during team sports.	End of each half-term or full term
Physical Fitness Assessment	Measurement of students' physical fitness through standardised fitness tests.	Throughout the academic year
Written Knowledge Assessment	Assessment of students' understanding of rules, techniques, tactics, safety, and terminology when practical assessment cannot be completed.	When required

COLLECTIVE SPORTS ASSESSMENT

At the end of each half-term or full term, students will complete a practical performance assessment in the team sport studied during that period (e.g. Futsal, Basketball or Volleyball).

Students will be assessed on their ability to:

- ✓ Demonstrate correct technical skills.
- ✓ Apply tactical understanding during game situations.
- ✓ Make appropriate decisions under pressure.
- ✓ Communicate effectively with teammates.
- ✓ Show teamwork, cooperation, and leadership.
- ✓ Respect the rules, officials, teammates, and opponents.
- ✓ Demonstrate fair play and positive sporting behaviour.

★ Assessment is based on performance during authentic game situations rather than isolated drills, encouraging students to apply their learning in realistic sporting environments.

PHYSICAL FITNESS ASSESSMENT

Students will also complete a series of physical fitness assessments designed to monitor their overall physical development.

The fitness assessment programme includes:

FITNESS TEST	COMPONENT ASSESSED
Push-Up Test	Upper body muscular strength and endurance
Sit-Up Test	Core muscular strength and endurance
Beep Test (20 m Shuttle Run)	Cardiovascular endurance and aerobic fitness

★ These assessments provide measurable evidence of each student's physical fitness and contribute towards their overall Physical Education achievement. Students are encouraged to improve their personal performance throughout the year rather than simply comparing themselves with others.

ATTENDANCE AND ALTERNATIVE ASSESSMENT

Regular attendance and active participation are essential components of Physical Education.

Students who miss a significant number of practical lessons may not have sufficient evidence for practical assessment.

In these circumstances, students will complete a written assessment based on the sports studied during the relevant term.

The written assessment may include:

- Rules and regulations
- Equipment and playing areas
- Technical skills
- Sports terminology
- Tactical understanding
- Application of strategies in game situations
- Safety procedures

The written assessment will be marked out of 100%, and the result will contribute towards the student's overall achievement where practical evidence is unavailable.

ASSESSMENT CRITERIA

ASSESSMENT AREA	FOCUS
Technical Skills	Accuracy, control, and execution of sport-specific skills
Tactical Understanding	Decision-making, positioning, and application of strategies
Physical Fitness	Strength, endurance, speed, agility, coordination, and flexibility
Teamwork & Communication	Cooperation, leadership, communication, and support for others
Sportsmanship	Respect, fair play, responsibility, and positive behaviour
Knowledge & Understanding	Rules, safety, tactics, and terminology

REPORTING STUDENT ACHIEVEMENT

Student progress is monitored continuously throughout the academic year.

Assessment evidence is collected through:

Teachers use this evidence to provide constructive feedback that supports continuous improvement and encourages every student to achieve their full potential.

ASSESSMENT PHILOSOPHY

At PrimeBooks Physical Education, assessment is designed not only to measure performance, but also to encourage growth, resilience, teamwork, healthy competition, and a lifelong appreciation of physical activity.

Every student is assessed fairly and provided with opportunities to demonstrate both practical ability and theoretical understanding in line with the principles of the Cambridge Lower Secondary curriculum.

Be Active • Be Respectful • Be Responsible • Be Your Best

Active Today, Successful Tomorrow.

How Students Are Assessed

Assessment in **PrimeBooks Year 13 Physical Education** is designed to provide students with opportunities to demonstrate their practical skills, physical fitness, understanding of game strategies, and personal development throughout the academic year.

Students are assessed using a combination of **practical performance**, **physical fitness testing**, and **written knowledge**, ensuring that every learner has the opportunity to demonstrate achievement across different aspects of Physical Education.

The assessment programme aligns with the aims of the **Cambridge Lower Secondary Physical Education Curriculum**, promoting skill development, teamwork, responsibility, reflection, and lifelong participation in physical activity.

Assessment Overview

Assessment Type	Description	When Assessed
Collective Sports Assessment	Practical assessment of students' ability to apply technical skills, tactical understanding, teamwork, communication, and fair play during team sports.	End of each half-term or full term
Physical Fitness Assessment	Measurement of students' physical fitness through standardised fitness tests.	Throughout the academic year
Written Knowledge Assessment	Assessment of students' understanding of rules, techniques, tactics, safety, and terminology when practical assessment cannot be completed.	When required

Collective Sports Assessment

At the end of each half-term or full term, students will complete a **practical performance assessment** in the team sport studied during that period (e.g. Futsal, Basketball or Volleyball).

Students will be assessed on their ability to:

- Demonstrate correct technical skills.
- Apply tactical understanding during game situations.
- Make appropriate decisions under pressure.
- Communicate effectively with teammates.
- Show teamwork, cooperation, and leadership.
- Respect the rules, officials, teammates, and opponents.
- Demonstrate fair play and positive sporting behaviour.

Assessment is based on performance during authentic game situations rather than isolated drills, encouraging students to apply their learning in realistic sporting environments.

Physical Fitness Assessment

Students will also complete a series of physical fitness assessments designed to monitor their overall physical development.

The fitness assessment programme includes:

Fitness Test	Component Assessed
Push-Up Test	Upper body muscular strength and endurance
Sit-Up Test	Core muscular strength and endurance
Beep Test (20 m Shuttle Run)	Cardiovascular endurance and aerobic fitness

These assessments provide measurable evidence of each student's physical fitness and contribute towards their overall Physical Education achievement.

Students are encouraged to improve their personal performance throughout the year rather than simply comparing themselves with others.

Attendance and Alternative Assessment

Regular attendance and active participation are essential components of Physical Education.

Students who miss a significant number of practical lessons may not have sufficient evidence for practical assessment.

In these circumstances, students will complete a **written assessment** based on the sports studied during the relevant term.

The written assessment may include:

- Rules and regulations
- Technical skills
- Tactical understanding
- Safety procedures
- Equipment and playing areas
- Sports terminology
- Application of strategies in game situations

The written assessment will be marked out of **100%**, and the result will contribute towards the student's overall achievement where practical evidence is unavailable.

Assessment Criteria

Students are assessed against the following areas:

Assessment Area	Focus
Technical Skills	Accuracy, control, and execution of sport-specific skills
Tactical Understanding	Decision-making, positioning, and application of strategies
Physical Fitness	Strength, endurance, speed, agility, coordination, and flexibility
Teamwork & Communication	Cooperation, leadership, communication, and support for others
Sportsmanship	Respect, fair play, responsibility, and positive behaviour
Knowledge & Understanding	Rules, safety, tactics, and terminology

Reporting Student Achievement

Student progress is monitored continuously throughout the academic year.

Assessment evidence is collected through:

- Practical observations
- Game performance
- Fitness testing
- Teacher feedback
- Self-reflection
- Written assessments (where applicable)

Teachers use this evidence to provide constructive feedback that supports continuous improvement and encourages every student to achieve their full potential.

Assessment Philosophy

At PrimeBooks Physical Education, assessment is designed not only to measure performance, but also to encourage growth, resilience, teamwork, healthy competition, and a lifelong appreciation of physical activity. Every student is assessed fairly and provided with opportunities to demonstrate both practical ability and theoretical understanding in line with the principles of the Cambridge Lower Secondary curriculum.

UNIT 12

HANDBALL

In This Unit You Will

Learning Objectives for Unit 12

By the end of this unit, you will be able to:

- ✓ Demonstrate an expert understanding of the history, development, rules, and advanced tactical principles of handball.
- ✓ Analyse court layout, player roles, substitutions, equipment, goal area regulations, and official competition rules.
- ✓ Perform advanced handball techniques including passing, receiving, dribbling, shooting, attacking movement, and defensive play with confidence and precision.
- ✓ Apply complex offensive and defensive systems during competitive match situations.
- ✓ Demonstrate leadership, communication, teamwork, resilience, decision-making, and sportsmanship in high-performance environments.
- ✓ Perform confidently, safely, and effectively during competitive handball activities.
- ✓ Critically evaluate personal and team performance to support continuous improvement.

Main Idea

Handball is a fast, physically demanding invasion game requiring exceptional technical skill, tactical intelligence, speed, agility, coordination, and teamwork. Elite players combine precise technical execution with intelligent decision-making, rapid transitions between attack and defence, and effective communication throughout every phase of play.

Throughout this unit, you will refine advanced technical skills through structured practices, tactical scenarios, conditioned games, and competitive matches while developing leadership, physical fitness, resilience, confidence, and performance analysis.

What You Will Achieve by the End of This Unit

Understand the Game

- Explain the evolution and international development of handball.
 - Analyse court markings, player positions, substitutions, equipment, and competition regulations.
 - Demonstrate a thorough understanding of safety procedures, official rules, and fair play.
-

Develop Advanced Technical Skills

- Pass and receive accurately under pressure.
 - Dribble confidently while maintaining possession.
 - Execute jump shots and set shots with power and precision.
 - Perform effective attacking movement and positional support.
 - Apply defensive marking, blocking, and interception techniques.
-

Apply Tactical Knowledge

- Create attacking opportunities through intelligent movement.
 - Execute fast breaks and organised positional attacks.
 - Apply effective defensive systems.
 - Communicate efficiently during transitions.
 - Make intelligent tactical decisions throughout match play.
-

Improve Physical Fitness

Develop:

- Speed
- Agility
- Coordination
- Balance
- Reaction Time
- Power
- Muscular Endurance
- Anaerobic Fitness

Demonstrate Positive Sporting Values

Learn to:

- Lead by example.
 - Communicate confidently.
 - Respect teammates, opponents, and officials.
 - Demonstrate resilience under pressure.
 - Evaluate performance and respond positively to feedback.
-

Unit Topics

Section	Topic
12.1	Introduction / Rules
12.2	Warm-Ups
12.3	Ball Skills
12.4	Shooting
12.5	Defensive Skills
12.6	Game Strategies
12.7	Game Scenarios
12.8	Cool-Down & Reflection
12.9	Collective Assessment

Coach's Insight

Mr Filipe Baptista

"Elite handball teams succeed because every player understands their role, communicates continuously, and makes intelligent decisions under pressure. Technical excellence creates opportunities, but teamwork wins matches."

UNIT 2

CROSS COUNTRY

In This Unit You Will

Learning Objectives for Unit 2

By the end of this unit, you will be able to:

- ✓ Demonstrate an expert understanding of cross-country running principles, race regulations, and competition formats.
- ✓ Analyse terrain types, pacing methods, race preparation strategies, and safety procedures.
- ✓ Apply efficient running mechanics while adapting technique to different terrain and environmental conditions.
- ✓ Improve endurance through interval, tempo, fartlek, and long-distance training methods.
- ✓ Apply advanced pacing strategies and race tactics during competition.
- ✓ Demonstrate resilience, determination, leadership, self-discipline, and effective race management.
- ✓ Evaluate performance critically and establish realistic strategies for continual improvement.

Main Idea

Cross-country running develops endurance, cardiovascular fitness, tactical awareness, mental resilience, and efficient movement across varied natural terrain. Successful runners combine intelligent pacing, technical efficiency, adaptability, and determination to maintain performance throughout demanding races.

Throughout this unit, you will improve endurance, running economy, cardiovascular fitness, pacing strategy, confidence, and resilience through structured training sessions, interval work, relay races, time trials, and competitive events.

What You Will Achieve by the End of This Unit

Understand the Activity

- Explain the history and development of cross-country running.
 - Analyse race regulations, safety procedures, and competition formats.
 - Identify terrain types and effective pacing strategies.
-

Develop Advanced Technical Skills

- Maintain efficient posture and running mechanics.
 - Improve stride efficiency and arm drive.
 - Adapt technique for uphill and downhill running.
 - Develop efficient breathing patterns and race rhythm.
-

Apply Tactical Knowledge

- Pace races strategically.
- Position yourself effectively throughout competition.

- Conserve energy efficiently.
 - Adapt to changing terrain and race conditions.
 - Finish races strongly and confidently.
-

Improve Physical Fitness

Develop:

- Cardiovascular Endurance
 - Stamina
 - Speed Endurance
 - Leg Strength
 - Balance
 - Coordination
 - Mental Resilience
 - Aerobic Capacity
-

Demonstrate Positive Sporting Values

Learn to:

- Demonstrate perseverance.
 - Show determination in difficult conditions.
 - Respect fellow competitors.
 - Display responsibility and integrity.
 - Reflect on performance and establish improvement goals.
-

UNIT 14

AMERICAN FOOTBALL

In This Unit You Will

Learning Objectives for Unit 14

By the end of this unit, you will be able to:

- ✓ Demonstrate an advanced understanding of the rules, positions, strategies, and tactical principles of non-contact American football.
 - ✓ Analyse field markings, offensive and defensive formations, player responsibilities, and official competition regulations.
 - ✓ Perform advanced throwing, catching, route-running, ball carrying, and defensive techniques with confidence, precision, and consistency.
 - ✓ Apply complex offensive and defensive tactical systems during competitive game situations.
 - ✓ Demonstrate leadership, communication, teamwork, strategic decision-making, resilience, and sportsmanship.
 - ✓ Participate confidently, safely, and effectively in modified competitive non-contact American football matches.
 - ✓ Analyse personal and team performance and implement strategies for continual improvement.
-

Main Idea

American football is a highly tactical invasion sport that combines athleticism, communication, teamwork, and strategic intelligence. Every play requires players to read the game quickly, execute precise skills, communicate effectively, and make intelligent decisions under pressure. Success depends upon discipline, coordination, adaptability, and trust between teammates.

Throughout this unit, you will refine advanced technical skills through structured practices, tactical scenarios, conditioned games, and competitive match play while developing speed, agility, leadership, confidence, performance analysis, and tactical awareness.

What You Will Achieve by the End of This Unit

Understand the Game

- Explain the evolution and tactical development of American football.
- Analyse field markings, player positions, formations, scoring systems, and competition rules.
- Demonstrate understanding of non-contact regulations, safety procedures, and fair play.

Develop Advanced Technical Skills

- Throw accurately over varying distances.
- Catch confidently under defensive pressure.
- Protect possession while running effectively.
- Execute advanced route-running techniques.
- Apply defensive positioning, interceptions, and tagging techniques.

Apply Tactical Knowledge

- Execute advanced offensive passing plays.
 - Organise defensive coverage systems.
 - Read opposition tactics and react effectively.
 - Communicate efficiently during every phase of play.
 - Make intelligent tactical decisions under competitive pressure.
-

Improve Physical Fitness

Develop:

- Speed
 - Agility
 - Power
 - Coordination
 - Balance
 - Reaction Time
 - Muscular Endurance
 - Anaerobic Fitness
-

Demonstrate Positive Sporting Values

Learn to:

- Lead by example.
 - Communicate confidently.
 - Respect teammates, opponents, and officials.
 - Demonstrate resilience under pressure.
 - Evaluate performance and apply feedback effectively.
-

Unit Topics

Section	Topic
14.1	Introduction / Rules

Coach's Insight

Mr Claudio Pardal

"Elite American football teams succeed because every player understands both their role and the team's strategy. Communicate clearly, trust your teammates, execute every play with discipline, and let intelligent decisions guide every performance."

PrimeBooks Year 13 • Physical Education • Unit 14 – American Football

UNIT 11

TABLE TENNIS

In This Unit You Will

Learning Objectives for Unit 11

By the end of this unit, you will be able to:

- ✓ Demonstrate an advanced understanding of the rules, scoring systems, and tactical principles of table tennis.
- ✓ Analyse table markings, equipment specifications, serving regulations, singles and doubles rules, and competition formats.
- ✓ Perform advanced forehand, backhand, topspin, chop, smash, blocking, and serving techniques with precision and consistency.
- ✓ Apply attacking and defensive tactical strategies during competitive match play.
- ✓ Demonstrate concentration, decision-making, leadership, sportsmanship, and self-management throughout competition.

- ✓ Participate confidently, safely, and effectively in singles and doubles table tennis matches.
 - ✓ Analyse personal performance and implement strategies for continual improvement.
-

Main Idea

Table tennis is a fast-paced racket sport requiring exceptional hand-eye coordination, speed, precision, tactical awareness, and mental focus. Success depends upon controlling rallies through intelligent shot selection, effective footwork, anticipation, spin variation, and consistent decision-making under pressure.

Throughout this unit, you will refine advanced stroke techniques through structured drills, tactical scenarios, conditioned practice, and competitive match play while developing agility, reaction speed, confidence, concentration, leadership, and performance analysis.

What You Will Achieve by the End of This Unit

Understand the Game

- Explain the evolution and modern development of table tennis.
 - Analyse equipment specifications, table markings, competition rules, and scoring systems.
 - Demonstrate understanding of safety procedures and fair play.
-

Develop Advanced Technical Skills

- Execute accurate forehand and backhand drives.
 - Perform topspin, chop, smash, block, and counter-hit techniques.
 - Control spin, speed, and ball placement consistently.
 - Improve advanced serving and receiving techniques.
 - Develop efficient movement, recovery, and court positioning.
-

Apply Tactical Knowledge

- Control rallies through intelligent placement and spin.
 - Select attacking and defensive strokes appropriately.
 - Anticipate opponents' movement patterns.
 - Adapt tactics throughout singles and doubles competition.
 - Make intelligent tactical decisions during match play.
-

Improve Physical Fitness

Develop:

- Agility
 - Coordination
 - Reaction Time
 - Balance
 - Speed
 - Muscular Endurance
 - Concentration
 - Decision-Making Speed
-

Demonstrate Positive Sporting Values

Learn to:

- Demonstrate honesty and integrity.
- Respect opponents, officials, and teammates.
- Communicate positively during doubles play.
- Maintain concentration under pressure.

- Reflect on performance and apply coaching feedback effectively.
-

Unit Topics

Section	Topic
11.1	Introduction / Rules
11.2	Warm-Ups
11.3	Basic Strokes
11.4	Advanced Strokes
11.5	Footwork & Positioning
11.6	Game Strategies
11.7	Game Scenarios
11.8	Cool-Down & Reflection
11.9	Individual Assessment

Coach's Insight

Mr Filipe Baptista

"The best table tennis players combine technical precision with tactical intelligence. Stay composed under pressure, move efficiently, anticipate your opponent's next shot, and let consistency and smart decision-making control every rally."
