

Physical Education

Year 1

Student Manual

Physical Education

Year 1 • Student Book

Run, jump, throw, and know why it worked.

INSIDE THIS BOOK

- Every Early Years movement skill, in units
- The rule of the game, printed every time
- A decision to make on every topic
- Named jobs, so everybody has one
- A festival of games to finish the year

IMPRINT

EDITION	First edition, 2026. Printed in full colour on white stock.
PUBLISHER	Prime School Press is the publishing imprint of Prime School, Portugal.
RIGHTS	© Prime School 2026. All rights reserved. No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means without the prior written permission of the publisher.
CREDITS	Editorial Board. Pedagogical Academic Group · Pedagogical Team · Pedagogical Department · Content Creation Team. Written, illustrated and typeset in the Prime School Press studio, Lisbon.
LICENCE	It is not affiliated with, licensed by, endorsed by or approved by any examination board, or by any other publisher.
SAFETY	The teacher carries out their own risk assessment and follows the school safety policy. Where a task carries a particular risk, the book says so in a Safety first panel.

Independent publication. This is an independent publication produced by Prime School for use within its own programmes of study. It is not affiliated with, licensed by, endorsed by or approved by any examination board, or by any other publisher.

PHYSICAL EDUCATION · YEAR 1

About this book

This book is for children in Year 1, about five to six years old, and for the teachers and families who move with them.

Physical Education in Year 1 is not a sport exam. It is how a body learns to share a space, to stop when asked, to try a jump again, and to be kind while it does those things.

Children will practise walking, running, jumping, hopping, skipping, rolling, throwing, catching, kicking and balancing. They will dance, play simple team games, and notice what their body does when it works hard.

► SUCCESS IS TRYING

The activities are written so a child can join in with confidence. Success is trying, looking after a partner, and leaving the space tidy.

Prime Books Physical Education Year 1 is a complete student book for the first year of primary school. It covers moving well, understanding movement, moving creatively, taking part, taking responsibility and healthy bodies, matching the school's Year 1 Physical Education scheme. Short teaching, unique watercolour plates, safety panels and play tasks sit on every topic.

PHYSICAL EDUCATION · YEAR 1

The year at a glance

Three terms. Three chances to show what your body can do.

TERM 1 · Move and watch

Units 1 and 2. Space, run, jump, hop. Words for a movement. Look back in December.

TERM 2 · Create and join

Units 3 and 4. Shapes and dance. Jobs in a small game. Look back in March.

TERM 3 · Care and health

Units 5 and 6. Fair play and kit. Heart, rest, food, water. Look back in June.

**THE TEACHER SHOULD CONFIRM**

Dates follow the Prime School year 2026/27: December 2026, March 2027, June 2027.

GETTING STARTED · WELCOME TO THE MEADOW

Welcome to the meadow

Behind the school there is a meadow. Grass, little flowers, room to run.

When it rains, there is the hall instead. Wooden floor, wall bars, mats in a stack. This book uses both places. The jobs do not change.

You will move. You will watch. You will take turns. You will stop when the teacher says stop.

Picture 0.1 Six friends arriving at the meadow gate. Look at the space they leave between each other.

◇ COME OUT TO THE MEADOW

Take off your jumper if you are hot. Drink some water. Look at the space. Are you ready?

📍 OUTSIDE, ALL YEAR

Outdoor activities for the meadow, the park or the garden.

woodlandtrust.org.uk/naturedetectives/

outdoor lesson

GETTING STARTED • MEET THE SIX

Meet the six

You will see them on almost every page. They are pupils, like you. They are not coaches.

Picture 0.2 Pip, Bramble, Sorrel, Tuft, Willow and Rowan, standing so you can see each one whole.

Pip

A red squirrel in a mustard jumper. He tries first.

Bramble

A badger in a teal jacket. He is steady, and he likes to count.

Sorrel

A brown hare in an olive vest. She is fast.

Tuft

A small hedgehog in a terracotta vest. He is careful.

Willow

A barn owl. She watches, and she says what she saw.

Rowan

An otter in a green vest. He likes games with a ball.

GETTING STARTED · HOW TO USE THIS BOOK

How to use this book

Each topic uses a few kinds of panel. Learn them once.

PANEL	WHAT YOU DO
The kit you need	Read it before anybody moves.
Move it	A short warm-up.
Watch me try	One of the six shows the idea slowly.
Try it	Your turn, with a body, not only a pencil.
Play together	A game with at least one other person.
Safety first	Read this. Then move.
Willow's notes	What a watcher actually saw.
Look what I can do	Tick what is true for you today.
Scan and show	A link an adult opens for the whole class.

WHO OPENS A LINK

A teacher or another adult holds any device that opens a link. You do not scan codes on your own.

GETTING STARTED • GETTING SET UP

Getting set up

You need: a clear floor, trainers or bare feet as the teacher says, water, and the kit named on the page.

Picture 0.3 The kit for a Year 1 lesson, laid out so every object is whole: cones, hoop, beanbags, mat, rope, water, bell.

✓ REMEMBER EVERY LESSON

- ✓ Look at the space before you move into it.
- ✓ Know which kit is yours today.
- ✓ Leave the space tidy at the end.

📺 BBC TEACH SUPER MOVERS – KS1

Songs and movement routines the class can copy together.

bbc.co.uk/teach/supermovers/ks1-collection/zbr4scw

about 5 minutes each

GETTING STARTED · THE HALL, AND SAFETY FIRST

The hall, and safety first

When it rains, the floor is the lesson.

Picture 0.4 The hall on a wet day. Pip comes in from the rain. The floor is the lesson now.

► SAFETY FIRST

Listen to the teacher. Leave a space you could lie down in. Stop when you hear the bell or the word stop. Tell an adult if something hurts. Drink water. Take turns.

☐ BEFORE EVERY LESSON

- ☐ My space is a lie-down space.
- ☐ My water is at the side, not on the running line.
- ☐ I know where the mats are.

1

Moving well

The Open Meadow

This ground is about using a space, then using a body: walk, run, stop, hop, skip, and kit that changes the floor.

Pip runs. Bramble leaves a space. Willow watches the stop.

1.1 Space, walk, run, stop

1.2 Hop, skip, join

1.3 Fast, slow, high, low

1.4 Hoops, benches, mats

Picture 1.0 The Open Meadow at the start of the year. Six friends, six bodies, plenty of grass.

UNIT 1 • TOPIC 1.1

Space, walk, run, stop

Picture 1.1 Pip and Bramble walk with a wide space between them. Sorrel waits further back. Look how nobody is touching.

✓ TODAY YOU WILL

- ✓ leave a space and stop when asked
- ✓ hop, skip and join two movements
- ✓ change speed and level on purpose
- ✓ move on, over and through simple apparatus

📦 THE KIT YOU NEED

Four cones, a clear floor, and a teacher with a bell or a clear word for stop.

UNIT 1 • TOPIC 1.1 • WALK, RUN AND STOP

Walk, run and stop

A space is a gap you can see. In Year 1, a good space is one you could lie down in without touching anyone.

Walk uses both feet, one after the other. Run uses both feet too, but there is a moment when both are off the floor. Stop means freeze: feet still, eyes on the teacher.

◇ MOVE IT

Walk anywhere for one minute. Change direction when you meet somebody. Do not touch. Then stand still.

■ WATCH ME TRY

Pip runs. Bramble calls stop. Pip's feet finish the step they started, then they stay. He does not skid into Sorrel.

▶ SAFETY FIRST

Look where you are going. Leave a lie-down space. Stop means stop, even if the game is exciting.

● TRY IT

- 1 Walk the space. Count how many children you can see without turning your head.
- 2 Run to a cone and stop before you touch it. Do this four times.
- 3 When the teacher says stop, freeze. Tick if your feet were still.

☐ LOOK WHAT I CAN DO

- ☐ I left a space.
- ☐ I stopped when I was asked.

UNIT 1 • TOPIC 1.2

Hop, skip, join

Picture 1.2 Pip hops on one foot. Bramble skips with a rope. Two different movements, both using a spring.

◆ PLAY TOGETHER

Traffic. Green means walk. Yellow means slow. Red means stop. Play for two minutes. Nobody is out. If you bump, you just start again with a bigger space.

📦 THE KIT YOU NEED

Skipping ropes if you have them, or just a clear floor. Work in pairs.

◆ MOVE IT

Ten heel raises. Ten gentle jumps on the spot. Shake your feet.

UNIT 1 • TOPIC 1.2 • THE JOIN

The join

A hop is a spring on one foot, landing on the same foot. A skip is a step and a hop, repeating. To join them, you finish the hop and start the skip with no long pause in the middle.

■ WATCH ME TRY

Tuft hops three times on his right foot. Then he skips to the cone. The join is the third landing, which becomes the first skip.

► SAFETY FIRST

Land softly, with a little bend in the knee. If you wobble, put the other foot down. That is still good work.

● TRY IT

- 1 Hop four times on each foot. Hold a wall if you need to.
- 2 Skip to a cone and skip back.
- 3 Join them: hop, hop, skip, skip. Draw the order.

MY SEQUENCE

▲ CHALLENGE

Do hop-hop-skip across the meadow without stopping in the middle. A partner watches the join.

UNIT 1 • TOPIC 1.3

Fast, slow, high, low

Picture 1.3 Sorrel sprints. Tuft creeps. Same meadow, two speeds. Look at how high each body is.

Speed is how quickly a movement happens. Level is how high or low the body is. You can change one of them on purpose.

Fast is not better than slow. Slow is often harder to hold.

📌 THE KIT YOU NEED

Two cones about eight metres apart, and a partner who watches.

📌 MOVE IT

Walk, then jog, then walk. Thirty seconds each.

UNIT 1 • TOPIC 1.3 • FAST AND SLOW

Fast and slow

■ WATCH ME TRY

Sorrel runs the eight metres as fast as she can. Then she crosses again as slowly as she can without stopping. Willow times both with a count of “one-elephant, two-elephant”.

► SAFETY FIRST

Fast needs a long space behind the finish cone so you can slow down. Do not run at a wall.

● TRY IT

- 1 Cross fast. Cross slow. Tell your partner which felt harder.
- 2 Walk on tiptoes (high). Walk in a small squat (low).
- 3 Tick the sentence that is true for you.
 - ☐ Slow was harder than fast.
 - ☐ High made me wobble.
 - ☐ I could change speed when asked.

FAST

a long low run, arms working

SLOW

a small careful creep,
body low

UNIT 1 • TOPIC 1.4

Hoops, benches, mats

Picture 1.4 Pip crawls through a hoop. A bench and a mat wait behind. The whole hoop is in the picture, and so are Pip's feet.

Apparatus is kit you move on, over or through. The movement you already know must still work when the floor changes.

📌 THE KIT YOU NEED

Hoops, a low bench or a line of mats, and a teacher who has tested the bench.

📌 MOVE IT

Bear walk to a hoop and stand inside it.

UNIT 1 • TOPIC 1.4 • THE MEADOW GAMES

The meadow games

Play three stations. Spend four minutes at each.

■ WATCH ME TRY

Pip steps into the hoop, crawls through, then walks along the bench with his eyes on the far end. He does not rush the bench.

► SAFETY FIRST

Only one child on a bench. An adult stands at the side. Mats stay flat. Never jump off a bench in this topic: step down.

● TRY IT

- 1 Through a hoop, then along a line of mats.
- 2 Change the order: mats first, hoop second.
- 3 Tell Willow one thing that changed when the kit was there.

1 Space tag

Walk only. If you are tagged, freeze until someone gives you a thumbs-up from a lie-down space away.

2 Join the hop

Hop to a cone, skip home.

3 Hoop path

Three hoops in a line. In, through, out.

☐ LOOK WHAT I CAN DO

- ☐ I can stop when I am asked.
- ☐ I can hop and skip.
- ☐ I can change speed.
- ☐ I can use a hoop or a mat without rushing.

UNIT 1 • HOW DID IT GO?

How did it go?

Colour one circle in each row. Green means yes, yellow means nearly, and red means not yet. Not yet is a fine answer: it just means you have more to do.

I can stop when I am asked.

I can hop and skip.

I can change speed.

I can use a hoop or a mat without rushing.

Which page in this unit did you enjoy most? Turn back to it and show someone why.

2

Understanding movement

Watching Hedge

This ground is about words, watching, and a rule you can say out loud.
Willow sees the jump. Then she says what the body did.

2.1 Words for a body

2.2 Watch, then copy

2.3 What good looks like

2.4 A simple rule

Picture 2.0 Willow on the hedge post. Bramble jumps. One of them is moving. The other one is working too.

UNIT 2 • TOPIC 2.1

Words for a body

Picture 2.1 Willow points at a jumping hare. She is naming the movement, not guessing.

✓ TODAY YOU WILL

- ✓ use simple words for a movement
- ✓ watch one thing and say what you saw
- ✓ name what good looks like today
- ✓ follow one rule in a small game

📁 THE KIT YOU NEED

A partner, and a list of words on the board: walk, run, hop, jump, skip, stop, roll.

UNIT 2 • TOPIC 2.1 • NAMING WHAT YOU SAW

Naming what you saw

A movement word is a name for what a body did. Jump is not the same as hop. If you use the wrong word, the watcher cannot help you.

◇ MOVE IT

The teacher says a word. You do it for five seconds.

■ WATCH ME TRY

Willow says: “Sorrel jumped. Two feet left the grass. Two feet came back.” That is a description, not a score.

● TRY IT

- 1 Watch your partner do one movement. Write or tick the word.
- 2 Swap. Do they agree with your word?
- 3 Draw the movement you named.

THE MOVEMENT I SAW

📺 WATCH, THEN NAME IT

Watch a movement routine, then name every movement you saw.

bbc.co.uk/teach/supermovers

about 5 minutes each

UNIT 2 · TOPIC 2.2

Watch, then copy

Picture 2.2 Willow watches from the post. Bramble jumps on the meadow. Look at Willow's still body.

A watcher looks at one thing: feet, or arms, or the landing. Not the whole body at once.

📺 THE KIT YOU NEED

Pairs. One mover, one watcher. Swap every three goes.

WILLOW'S NOTES

Feet together at take-off. Soft knees at landing. He looked at the grass, not at me.

● TRY IT

- 1 Watch three jumps. Say one true sentence each time.

UNIT 2 · TOPIC 2.3

What good looks like

Picture 2.3 Pip lands a jump with bent knees and arms out. That landing is the criterion for this page.

A criterion is a picture of good, for today. For a Year 1 jump, good is: take off on two feet, land on two feet, knees a little bent, still at the end.

CHECK	GO 1	GO 2	GO 3
Two feet off			
Two feet land			
Knees bent			
Still at the end			

● TRY IT

- 1 Jump. Check the four things. Colour the ones you did.
- 2 Copy the jump you liked. Keep the same one thing.
- 3 Tick: I watched before I copied.

☐ TICK WHAT IS TRUE

☐ I watched first.

UNIT 2 · TOPIC 2.4

A simple rule

Picture 2.4 Three friends wait behind a chalk line. The hoop is ahead. Nobody has crossed the line yet.

A rule is an agreement. In this game the rule is: wait behind the line until your name is called.

► SAFETY FIRST

Land on the mat if the floor is hard. Do not bounce straight into another jump.

● TRY IT

- 1 Circle the go that was your best.

UNIT 2 · TOPIC 2.4 · WATCHER'S DAY

Watcher's day

A tactic is a small plan inside the rule. Walking to the hoop is safer than running, because the line is close.

Spend the lesson as mover and watcher, half and half.

◆ PLAY TOGETHER

Call and go. Wait behind the line. When you hear your name, walk to the hoop, stand in it, and walk back. If you go early, you just walk back and wait again. Nobody is out.

◆ THINK ABOUT IT

Why does the line help? Write one word or draw the line.

THE LINE HELPS BECAUSE

☐ LOOK WHAT I CAN DO

- ☐ I can name a movement with the right word.
- ☐ I can watch one thing.
- ☐ I can say what good looks like today.
- ☐ I can wait behind a line.

UNIT 2 · HOW DID IT GO?

How did it go?

Colour one circle in each row. Green means yes, yellow means nearly, and red means not yet. Not yet is a fine answer: it just means you have more to do.

I can name a movement with the right word.

I can watch one thing.

I can say what good looks like today.

I can wait behind a line.

Which page in this unit did you enjoy most? Turn back to it and show someone why.

3

Moving creatively

The Dance Ring

This ground asks for a movement nobody showed you first.
A ribbon, a hoop, a mood. The answer is a body.

3.1 New shapes

3.2 What the kit suggests

3.3 Answer with your body

3.4 Moving like weather

Picture 3.0 The Dance Ring. Sorrel moves with a ribbon. Willow watches the shape, not the score.

UNIT 3 • TOPIC 3.1

New shapes

Picture 3.1 Tuft makes a wide star. Sorrel makes a tall thin shape. Two answers to the same request: make a shape.

✓ TODAY YOU WILL

- ✓ make a new body shape
- ✓ let apparatus suggest a movement
- ✓ answer a task with a body
- ✓ move like a mood or the weather

◇ MOVE IT

Shake hands, shake feet, make a tiny ball shape, then a wide shape.

UNIT 3 • TOPIC 3.1 • SHAPES YOU INVENT

Shapes you invent

A shape is how the body fills the space: wide, tall, small, twisted. There is no single right shape.

● TRY IT

- 1 Make wide, tall, small, twisted. Hold each for a count of three.
- 2 Invent a fifth shape. Draw it.
- 3 Show it to a partner. Can they copy it?

MY FIFTH SHAPE**WIDE**

arms and legs spread like
a star

**TALL**

stretched right up on tiptoe

UNIT 3 • TOPIC 3.2

What the kit suggests

Picture 3.2 A hoop on the grass like a river. Rowan steps in and out. The hoop suggested the game.

The kit is not only for the use printed on the box. A hoop can be a river, a nest, a window, a cave.

📦 THE KIT YOU NEED

One hoop between two children.

● TRY IT

- 1 Name three things your hoop could be. Try two of them.
- 2 Swap hoops with another pair. Does the new hoop suggest the same ideas?

▶ SAFETY FIRST

Hoops stay on the floor in this topic, unless the teacher says you may lift them. Never swing a hoop at a head.

UNIT 3 • TOPIC 3.3

Answer with your body

Picture 3.3 A path of cones, a hoop and a bench. Pip is halfway, choosing the next movement.

A task is a job with a start and an end. The teacher might say: cross the meadow without using a run. Your body answers.

● TRY IT

- 1 Cross without running. Tick what you used.
- 2 Now cross without using the movement you chose first.

☐ walk☐ hop☐ crawl☐ skip

▲ CHALLENGE

The path must include one hoop and one change of level. Show Willow.

UNIT 3 • TOPIC 3.4

Moving like weather

Picture 3.4 Sorrel dances with a ribbon in the Dance Ring. Willow watches the weather in the movement.

Storm is fast and strong. Leaf is light and slow. Rain is little repeated taps. You choose how your body says that.

📌 THE KIT YOU NEED

Ribbons or scarves if you have them. Music the teacher has chosen, or a drum.

◆ PLAY TOGETHER

The teacher names a weather. Everyone moves. When you hear sun, freeze in a shape.

📌 COSMIC KIDS – LEARN

Story-led yoga and movement for Early Years and Key Stage 1.

cosmickids.com/learn/

5 to 20 minutes

UNIT 3 • TOPIC 3.4 • SHOW A DANCE

Show a dance

In twos, make an eight-count dance: two shapes, one kit idea, one weather. Show it once.

◆ THINK ABOUT IT

Which weather was hardest to show? Why?

☐ LOOK WHAT I CAN DO

- ☐ I made a shape nobody showed me.
- ☐ I used kit as more than one thing.
- ☐ I answered a task with my body.
- ☐ I moved like a mood.

UNIT 3 • HOW DID IT GO?

How did it go?

Colour one circle in each row. Green means yes, yellow means nearly, and red means not yet. Not yet is a fine answer: it just means you have more to do.

I made a shape nobody showed me.

I used kit as more than one thing.

I answered a task with my body.

I moved like a mood.

Which page in this unit did you enjoy most? Turn back to it and show someone why.

4

Taking part

The Team Patch

This ground is about joining a group, having a job, and listening before you move.

A ball, a circle, a turn. Everybody has work.

4.1 Joining in

4.2 Thrower, catcher, collector

4.3 Your own goal

4.4 A turn at leading

4.5 What I can do

4.6 Listen, then move

Picture 4.0 The Team Patch. Six friends in a ring with one ball. Look who is waiting.

UNIT 4 • TOPIC 4.1

Joining in

Picture 4.1 A ring on the meadow and a yellow ball. Everybody is in. Nobody is left on the hedge.

Joining in means going to the circle, leaving a space, and staying in the game when it is not your throw.

✓ TODAY YOU WILL

- ✓ join a group activity
- ✓ know your job and someone else's
- ✓ practise one goal on your own
- ✓ take a turn at leading
- ✓ notice a strength
- ✓ listen, then move

UNIT 4 • TOPIC 4.2

Thrower, catcher, collector

Picture 4.2 Rowan throws a spotted ball. Pip catches it with both paws. Two jobs, one ball.

◆ PLAY TOGETHER

Circle roll. Sit in a ring. Roll the ball to the child you name. Say the name first. If the ball leaves the ring, the nearest child fetches it and the game goes on.

☐ TICK WHAT YOU DID

- ☐ I sat in the ring.
- ☐ I said a name before I rolled.
- ☐ I fetched the ball without a fuss.

THROWER

sends the ball under-arm

CATCHER

two paws, eyes on the ball

UNIT 4 • TOPIC 4.3

Your own goal

The thrower sends. The catcher receives. The collector picks up what is missed. Swap every five throws.

A goal is one thing you will try for the next ten throws. Not “be better”. Something a watcher can see: catch with two hands, or throw to the chest.

Keep the same ball and the same three jobs. The new work is the goal you write down, then watch.

THE KIT YOU NEED

One beanbag or a soft ball between three: thrower, catcher, collector.

SAFETY FIRST

Under-arm throws in this topic. No ball at a face. If it hurts, stop and tell an adult.

● TRY IT

- 1 Five throws each job.
- 2 Tick the job you want to practise next week.
- 3 Write your goal in five words or fewer.

MY GOAL IN FIVE WORDS

☐ thrower

☐ catcher

☐ collector

UNIT 4 • TOPIC 4.4

A turn at leading

Picture 4.4 Sorrel leads. Tuft, Pip and Rowan copy the hop. The leader is a pupil, not a coach.

Leading in Year 1 is showing one movement and waiting while the line copies. Then you go to the back.

◆ PLAY TOGETHER

Follow me. The leader chooses walk, hop or skip. After the line reaches a cone, the leader goes to the back and the next child leads.

● TRY IT

- 1 Ten throws at that goal. A partner tallies yes or no.
- 2 Did the goal get easier? Circle: yes / not yet / I changed it.

☐ yes

☐ not yet

☐ I changed it

UNIT 4 • TOPIC 4.5

What I can do

Different bodies are good at different things today. Pip is quick. Bramble is steady. Tuft is careful. None of those is a rank.

SAFETY FIRST

The leader looks where they are going, not only at the line behind.

TRY IT

- 1 Name one thing you did well today.
- 2 Name one thing a partner did well. Tell them.
- 3 Name one thing you will try next lesson.

NEXT TIME I WILL TRY

UNIT 4 • TOPIC 4.6

Listen, then move

Picture 4.6 Pip's ears are up. Bramble is speaking. Then Pip hops. The listen comes first.

◆ PLAY TOGETHER

Listen and go. Freeze. The teacher gives one instruction. Move only when the instruction is finished. If you go early, walk back and wait.

☐ LOOK WHAT I CAN DO

- ☐ I joined the ring.
- ☐ I knew my job.
- ☐ I had a goal I could see.
- ☐ I led once.
- ☐ I said something kind about a partner.

UNIT 4 • TOPIC 4.6 • THE MINI MATCH

The mini match

A four-minute mini game: circle roll, then three jobs with a beanbag. Swap jobs when the bell goes. No scores against each other. The score is how many kind waits you noticed.

Job 1 • Thrower

Send the beanbag under-arm to the catcher's chest.

Job 2 • Catcher

Two paws, eyes on the beanbag, feet still.

Job 3 • Collector

Fetch what is missed, then back to the ring.

☐ **TICK WHAT YOU DID**
☐ I waited until the instruction ended.
**GONOODLE**

Short movement and team games for a classroom or a hall.

gonoodle.com/

3 to 10 minutes

UNIT 4 • HOW DID IT GO?

How did it go?

Colour one circle in each row. Green means yes, yellow means nearly, and red means not yet. Not yet is a fine answer: it just means you have more to do.

I joined the ring.

I knew my job.

I had a goal I could see.

I led once.

I said something kind about a partner.

Which page in this unit did you enjoy most? Turn back to it and show someone why.

5

Taking responsibility

The Kit Basket

This ground is about sharing, carrying, fair play, asking for help, and kind words.

Two bodies, one mat. The kit is everybody's.

5.1 Share and take turns

5.2 Carry kit safely

5.3 Fair play

5.4 Ask for help

5.5 Kind words

Picture 5.0 Bramble and Pip carry a mat together. Look at both pairs of hands.

UNIT 5 • TOPIC 5.1

Share and take turns

Sharing is using the same kit without grabbing. Taking turns is waiting, then going, then letting the next child go.

✓ TODAY YOU WILL

- ✓ share space and kit, and take turns
- ✓ carry and put down equipment safely
- ✓ play fairly
- ✓ ask for help at the right moment
- ✓ give a kind, useful word

◆ PLAY TOGETHER

One hoop, two children. One minute in the hoop, one minute watching. Swap when the teacher claps. If you both want it, the watcher goes next.

☐ TICK WHAT YOU DID

- ☐ I waited.
- ☐ I went.
- ☐ I let the next child go.

UNIT 5 • TOPIC 5.2

Carry kit safely

Picture 5.2 Two friends carry one mat. The weight is shared. The mat is whole in the picture.

📦 THE KIT YOU NEED

Mats, hoops, cones. An adult names who carries with whom.

▶ SAFETY FIRST

Two children to a mat. Walk, do not run. Put the mat down together. Fingers stay out from under the edge. Cones in two hands, against your chest.

● TRY IT

- 1 Carry a mat with a partner to a cone and back.
- 2 Stack hoops. Count them out loud.

UNIT 5 • TOPIC 5.3

Fair play

Picture 5.3 Tuft and Rowan with one yellow ball. One waits. One rolls. That wait is fair play.

Fair play in Year 1 is: same turn length, no pushing, tell the truth if the ball was out, and keep playing after a mistake.

☐ **TICK IF NOBODY'S FINGERS WERE UNDER A MAT**

☐ Fingers safe.

◆ **THINK ABOUT IT**

If two children reach the ball together, what is a fair choice?

WAITS

paws in the lap, eyes on the ball

ROLLS

one steady under-arm roll

UNIT 5 • TOPIC 5.4

Ask for help

Picture 5.4 Tuft asks Willow for help beside spilled beanbags. Asking is a skill, not a failure.

Ask when the kit is too heavy, when you cannot see a safe path, or when something hurts. Ask before you guess with a risky movement.

◆ PLAY TOGETHER

Roll and wait. Five rolls each. If you take an extra turn, you give the next two turns to your partner.

● TRY IT

- 1 Practise the sentence: Please can you help me with this mat?
- 2 When would you ask? Tick.

☐ The mat is too heavy.

UNIT 5 • TOPIC 5.5

Kind words

Picture 5.5 Friends clap for Tuft after a jump. Kind words are specific: “soft knees”, not only “good”.

Kind words name what you actually saw. “Soft knees” helps. “Good” does not say what to do next time.

☐ **TWO THINGS YOU CAN SAY**

- ☐ I feel a pinch in my knee.
- ☐ I want to go first.

The last box is a want, not a need. The teacher can still help you wait.

WILLOW'S NOTES

Soft knees. You looked at the grass. That landing was still.

● **TRY IT**

- 1 Watch a partner. Say one true, kind sentence.
- 2 Write the sentence, or draw the moment.

UNIT 5 • TOPIC 5.5 • KIT INSPECT

Kit inspect

Before you leave: mats stacked, hoops counted, water bottles off the floor, fingers checked.

☐ **LOOK WHAT I CAN DO**

- ☐ I took turns.
- ☐ I carried kit with a partner.
- ☐ I played fairly.
- ☐ I asked for help when I needed it.
- ☐ I said something kind and true.

THE KIND SENTENCE**YOUTH SPORT TRUST**

Inclusive games and fair-play guidance for primary schools.

youthsporttrust.org/

teacher planning

UNIT 5 • HOW DID IT GO?

How did it go?

Colour one circle in each row. Green means yes, yellow means nearly, and red means not yet. Not yet is a fine answer: it just means you have more to do.

I took turns.

I carried kit with a partner.

I played fairly.

I asked for help when I needed it.

I said something kind and true.

Which page in this unit did you enjoy most? Turn back to it and show someone why.

6

Healthy bodies

Resting Oak

This ground is about what a body does when it works, and what it needs afterwards.

A faster heart, a drink of water, a rest in the shade.

6.1 What changes when you move

6.2 Name the working parts

6.3 How hard is hard enough

6.4 Knowing your limit today

6.5 Before, and afterwards

6.6 Food and water for a moving body

Picture 6.0 Pip under the oak after a run. Paw on chest, water on the grass. Look how still he is now.

UNIT 6 • TOPIC 6.1

What changes when you move

Picture 6.1 Pip sits under the oak after running. His paw is on his chest. The water bottle is waiting.

✓ TODAY YOU WILL

- ✓ notice what changes when you move
- ✓ name the body parts doing the work
- ✓ choose an intensity that fits the task
- ✓ stop when you have reached your limit today
- ✓ warm up and cool down
- ✓ choose food and water that help a moving body

WHY MOVING MATTERS

What happens inside a body when it moves, from the NHS.

nhs.uk/better-health/get-active/

teacher reading

UNIT 6 • TOPIC 6.1 • A FASTER HEART

A faster heart

When you run, your heart beats faster. You breathe faster. You may feel warm. Those changes are the body doing its job, not a problem.

◇ MOVE IT

Sit still. Put a hand on your chest. Then jog on the spot for twenty seconds. Hand on chest again.

◇ DID YOU KNOW?

A child's heart beats faster during play because the muscles need more blood. When you rest, the beat slows again. (NHS, physical activity and children.)

● TRY IT

- 1 Count “beats” with a hand on your chest for ten seconds, before and after a jog. The number does not have to be exact. Did it get faster?
- 2 Draw a still Pip and a running Pip.

STILL

AFTER A JOG

UNIT 6 • TOPIC 6.2

Name the working parts

Picture 6.2 Bramble shows the parts that work in a jump: knees, elbows, paws.

● TRY IT

- 1 Point to knees, ankles, hips, shoulders, elbows on yourself.
- 2 Which parts work hardest in a jump? Tick two.

☐ knees☐ ankles☐ ears☐ nose

WILLOW'S NOTES

Knees and ankles did the spring. Arms helped him balance. Ears did not jump.

UNIT 6 • TOPIC 6.3

How hard is hard enough

Intensity is how hard the work feels. A walk to a cone is light. A thirty second run is harder. A lesson needs both.

● TRY IT

- 1** Walk a lap. Jog a lap. Walk a lap. Which one could you do for a whole lesson?
- 2** Circle how the jog felt: easy / just right / too much today.

☐ easy☐ just right☐ too much today**LIGHT**

a walk to a cone, easy breathing

**HARDER**

a thirty second run, quick breathing

UNIT 6 • TOPIC 6.4

Knowing your limit today

Your limit today is not a score against a friend. It is the moment you need to rest, drink, or choose a lighter job.

► SAFETY FIRST

Harder is not always better. If you feel dizzy or a sharp pain, stop and tell an adult.

● TRY IT

- 1 After a run, sit until your breathing feels easy again.
- 2 Tick the honest sentence.

- ☐ I could have done one more go.
- ☐ I needed a rest.
- ☐ Something hurt, so I stopped.

UNIT 6 • TOPIC 6.5

Before, and afterwards

Picture 6.5 The six friends stretch arms up before a game. A warm body is ready. A cold body is not.

A warm-up wakes the body: walk, gentle jumps, shoulder rolls. A cool-down slows it: walk, stretch, sit, water.

All three can be right on different days.

● TRY IT

- 1 Lead a thirty-second warm-up for a partner.
- 2 After the game, walk one lap and sit. Drink water.

UNIT 6 • TOPIC 6.6

Food and water for a moving body

Picture 6.6 A picnic under the oak: fruit, bread, cheese, carrot, water. Look at the water bottle.

◇ DID YOU KNOW?

Warming up and slowing down help the body go from rest to play and back again. You do not skip them because the game looks more fun. (NHS, activity for children.)

◇ DID YOU KNOW?

Children need regular drinks of water, especially when they have been running about. Fruit and vegetables are part of everyday food. (NHS, drinks and “5 a day”.)

📌 NHS – 5 A DAY

What counts towards fruit and vegetables, and how much.

nhs.uk/live-well/eat-well/5-a-day/

teacher reading

UNIT 6 • TOPIC 6.6 • HEALTHY ME

Healthy me

A last circuit: warm up, a one-minute jog, a rest under the oak, water, a kind sentence to a partner, kit away.

● TRY IT

- 1 Circle the drink for a PE lesson: water / a fizzy drink.
- 2 Draw one fruit you might eat after the lesson.
- 3 Why does a moving body need water? One short sentence.

AFTER PE

► SAFETY FIRST

Water at the side of the hall, not on the running line. Tell an adult if you feel too hot.

☐ LOOK WHAT I CAN DO

- ☐ I felt my heart change.
- ☐ I named two body parts that worked.
- ☐ I chose a pace I could keep.
- ☐ I rested when I needed to.
- ☐ I warmed up and cooled down.
- ☐ I chose water.

📄 NHS – HEALTHIER FAMILIES: FOOD FACTS

Everyday food and drink advice for families.

nhs.uk/healthier-families/food-facts/

for families

UNIT 6 • HOW DID IT GO?

How did it go?

Colour one circle in each row. Green means yes, yellow means nearly, and red means not yet. Not yet is a fine answer: it just means you have more to do.

I felt my heart change.

I named two body parts that worked.

I chose a pace I could keep.

I rested when I needed to.

I warmed up and cooled down.

I chose water.

THE YEAR · LOOK BACK

Look back

TERM 1 · Units 1 and 2

Can you still leave a space, stop, hop, skip, name a movement, and wait behind a line?

TERM 2 · Units 3 and 4

A shape, a kit idea, a job in a ring, a listen.

TERM 3 · Units 5 and 6

Fair play, kit, heart, water.

Picture 7.0 The festival of games at the end of the year. Every game in this book comes back for one afternoon.

● **TRY IT**

- 1 Show a hop-hop-skip to a partner.
- 2 Watch one jump and say one true sentence.
- 3 Play Traffic for one minute.

☐ **LOOK WHAT I CAN DO**

- ☐ I can stop.
- ☐ I can name a movement.
- ☐ I can wait my turn.

WORDS WE USED · 1 TO 7

Words we used

Every word here is used somewhere in this book. Read it, say it, then use it.

WORD	WHAT IT MEANS
space	A gap you can see. In Year 1, one you could lie down in.
stop	Freeze. Feet still. Eyes on the teacher.
hop	A spring on one foot, landing on the same foot.
skip	A step and a hop, repeating.
join	Finishing one movement and starting the next with no long pause.
speed	How quickly a movement happens.
level	How high or low the body is.

WORDS WE USED · 8 TO 14

Words we used

WORD	WHAT IT MEANS
apparatus	Kit you move on, over or through.
watcher	The person who looks at one thing and says what they saw.
rule	An agreement the group will keep.
goal	One thing you will try, that a watcher can see.
fair play	Same turns, no pushing, truth about the ball, keep going after a mistake.
warm-up	Gentle movement before the hard work.
cool-down	Slowing the body after the hard work.

● TRY IT

- 1 Carry a mat with a partner.
- 2 Jog twenty seconds, then rest and drink water.
- 3 Say one kind, true sentence.

+ A BODY THAT KEEPS MOVING

How an active day helps the heart, from the British Heart Foundation.

teacher reading

ANSWERS · UNITS 1, 2 AND 3

Answers for every unit

Most PE tasks are answered with a body. Where a tick or a word is asked for, this page says what a good answer contains.

Unit 1

TOPIC	GOOD ANSWER
1.1 stop	Feet still. Space kept.
1.2 join	Hop then skip with no long pause.
1.3 harder	Slow is an acceptable answer.
1.4 bench	Step down, one child, adult at the side.

Unit 2

TOPIC	GOOD ANSWER
2.1 word	The word matches the movement (jump is not hop).
2.3 landing	Two feet, bent knees, still at the end.
2.4 line	Wait until your name is called.

Unit 3

TOPIC	GOOD ANSWER
3.1 fifth shape	Any held shape that is not the four named ones.
3.3 no run	Walk, hop, crawl or skip. Not a run.
3.4 weather	A movement that matches storm, leaf or rain.

ANSWERS · UNITS 4, 5 AND 6

Answers for every unit

Unit 4

TOPIC	GOOD ANSWER
4.2 jobs	Thrower, catcher, collector, swapped.
4.3 goal	A body detail a watcher can see, not “be better”.
4.6 listen	Move only after the instruction ends.

Unit 5

TOPIC	GOOD ANSWER
5.2 fingers	Out from under the mat.
5.3 extra turn	Give the next two turns to the partner.
5.4 last box	“I want to go first” is a want, not a need.

Unit 6

TOPIC	GOOD ANSWER
6.1 heart	Faster after a jog, slower after rest.
6.2 parts	Knees and ankles (not ears or nose).
6.6 drink	Water.

ANSWERS · WHERE THE FACTS CAME FROM

Where the facts came from

Every Did you know? in this book was read on the named page on 2026-08-19.

CLAIM	SOURCE
The heart beats faster during play because muscles need more blood, then slows at rest	NHS, physical activity for children and young people
Warm up before harder play; slow down afterwards	NHS, activity advice for children
Children need water when they have been running about	NHS, drinks and hydration for children
Fruit and vegetables are part of everyday food	NHS, 5 a day
