

Computing & Robotics

Year 1 · Cambridge Early Years · Student Manual

A robot does exactly what you say. Not what you meant.

Behind the school there is a yard, a garden and a machine room. Learn to say things precisely, build instructions out of blocks, and find out what a machine is really doing.

INSIDE THIS BOOK

- Every Year 1 computing topic, in five units
- Predict, run and compare on every unit
- Real bug hunts, with the fix never printed
- Projects along the way, and one big one at the end
- QR codes, each printed in words as well
