

PRIME BOOKS

Computing & Robotics

Year 4 · Cambridge Primary · Student Manual

Write it, test it, fix it, prove it.

From clear instructions to real programs that sense and decide. Collect honest data, spot the bug before the machine does, and build a program that does exactly what you meant.

INSIDE THIS BOOK

- Five units from instructions to programs
- Predict, run and compare, every time
- Real bug hunts, with the fix never printed
- A project in every unit
- QR codes, each printed in words as well
