

Computing & Robotics

Year 6

Cambridge Primary
Student Manual

The background of the page is a detailed, light-colored illustration of a workshop or library. On the left, a large, shaggy creature, possibly a troll or a giant, is partially visible. In the center, a mouse character wearing a vest and holding a clipboard stands on a checkered floor. The room is filled with shelves of books, potted plants, and various tools and objects, creating a cozy and intellectual atmosphere.

PRIME BOOKS

Computing & Robotics

Year 6 · Cambridge Primary · Student Manual

A robot does exactly what you say. Not what you meant.

From clear instructions to real programs that sense and decide. Predict, run, compare, and fix the bug before the machine does.

INSIDE THIS BOOK

- From instructions to programs, in units
- Predict, run and compare, every time
- Real bug hunts, with the fix never printed
- A project in every unit
- QR codes, each printed in words as well
