Editorial Board

The **PrimeBooks Physical Education Series** has been prepared under the direction of the **Pedagogical-Scientific Group of Physical Education**, coordinated by **Filipe Baptista**, **Claudio Pardal**.

The editorial team has worked collaboratively to ensure that every section of this publication reflects the highest standards of academic rigour, pedagogical innovation, and curriculum excellence. Drawing upon contemporary educational research and practical teaching expertise, this series has been developed to inspire excellence in Physical Education and to support the holistic development of every learner.

This publication represents a shared commitment to quality education, professional integrity, and the continuous advancement of teaching and learning within Physical Education.

HOW TO USE THIS BOOK

GUIDE | Page 1 of 1

Coach's Tip

Mr Filipe Baptista

*"Always begin each unit by reading the **Introduction**. Understanding the rules, objectives, and key techniques will help you learn every sport with confidence."*

Quick Tip

Mr Claudio Pardal

"Focus on performing every movement with the correct technique before increasing your speed or intensity. Good technique is the foundation of every successful athlete."

Year 7 • 2026–2027 • Student Book

Teachers:

Mr Filipe Baptista • Mr Claudio Pardal

Main Idea

Welcome to **PrimeBooks Gym Year 7**.

This book has been designed to develop your knowledge, practical skills, fitness, teamwork, and confidence through a range of exciting sports and physical activities.

Throughout the year you will study:

- **Term 1:** Futsal & Cross Country
- **Term 2:** Basketball & Badminton
- **Term 3:** Volleyball & Sports Aerobics

Each unit begins with the basic rules and techniques before progressing to advanced skills, tactics, match play, and practical assessments.

How to Study Each Unit

① Read the Introduction

Learn the history, rules, equipment, court or field layout, safety procedures, and learning objectives.

② Learn the Skill

Carefully study each new technique and observe your teacher's demonstrations before practising.

③ Practise the Drills

Complete the individual, partner, and team activities designed to improve your technique and confidence.

④ Read the Coach's Tips

Look for helpful advice that will improve your performance and help you avoid common mistakes.

⑤ Apply Your Skills

Take part in small-sided games, tactical challenges, and competitive match situations where you can apply what you have learned.

⑥ Complete the Assessment

Finish each unit by demonstrating your practical skills, teamwork, decision-making, and understanding through individual or group assessments.

Learning Features

Feature	Purpose
 Introduction	Learn the rules, equipment, and objectives of each sport.
 Skill Focus	Develop techniques through clear explanations and demonstrations.
 Coach's Tip	Practical advice from your teachers to improve performance.
 Watch Out!	Avoid common mistakes and learn correct technique.
 Practice Activities	Reinforce learning through drills and teamwork.
 Game Scenarios	Apply your skills in realistic match situations.
 Assessment	Demonstrate your progress and practical understanding.

Remember

Success in Physical Education comes from consistent practice, teamwork, discipline, and a positive attitude. Every lesson is an opportunity to improve your skills, challenge yourself, and enjoy being active.

INTRODUCTION

INTRODUCTION | Page 1 of 1

Coach's Tip

Mr Claudio Pardal

"Master the fundamentals first. Good technique, teamwork, and a positive attitude are the foundation of success in every sport."

Unit 1 – Futsal

PrimeBooks Gym Year 7

Academic Year 2026–2027 • Physical Education • Lower Secondary Course Book

Welcome

Welcome to **PrimeBooks Gym Year 7**.

This course has been carefully designed to help students develop the knowledge, skills, confidence, and positive attitudes needed to enjoy an active and healthy lifestyle. Through a wide variety of sports and physical activities, students will improve their physical fitness, teamwork, leadership, communication, and decision-making while learning to respect others and demonstrate good sportsmanship.

Following the **Cambridge Lower Secondary Physical Education Curriculum**, this book provides a balanced programme that combines practical performance with personal reflection, tactical understanding, and lifelong health and wellbeing.

Each unit introduces a new sport through progressive learning, beginning with the basic rules and techniques before moving towards advanced skills, tactical play, game situations, and practical assessments.

Course Aims

By the end of this course, students will be able to:

- ✓ Develop sport-specific movement skills and techniques.
- ✓ Improve physical fitness, including strength, endurance, flexibility, speed, agility, balance, and coordination.
- ✓ Apply tactics and strategies in both individual and team sports.
- ✓ Work effectively with others through communication, leadership, cooperation, and teamwork.
- ✓ Demonstrate respect, discipline, fair play, and responsible behaviour during physical activity.
- ✓ Reflect on their own performance and identify ways to improve.
- ✓ Build healthy habits that encourage lifelong participation in sport and physical activity.

Course Overview

Term 1

Futsal & Cross Country

Students develop ball control, passing, dribbling, shooting, movement, teamwork, tactical awareness, endurance, pacing strategies, and cardiovascular fitness through indoor football and distance running activities.

Term 2

Basketball & Badminton

Students improve coordination, agility, footwork, passing, shooting, racket skills, tactical decision-making, communication, and teamwork through invasion and net games.

Term 3

Volleyball & Sports Aerobics

Students develop serving, passing, setting, attacking, defensive techniques, rhythm, flexibility, strength, balance, coordination, musical movement, and creative performance through volleyball and sports aerobics.

Cambridge Learner Attributes

Throughout this course, students are encouraged to become:

Confident

Develop confidence by learning new skills and applying them in practical situations.

Responsible

Show respect for teammates, opponents, teachers, equipment, and the rules of each sport.

Reflective

Evaluate your own performance and use feedback to improve continuously.

Innovative

Think creatively to solve movement challenges and develop effective game strategies.

Engaged

Participate actively, work collaboratively, and contribute positively to every lesson.

Learning Journey

Every unit in this book follows the same learning pathway:

Introduction

Learn the history, rules, equipment, safety, and objectives of the sport.

Skill Development

Build the fundamental techniques through demonstrations and guided practice.

Practice Activities

Develop confidence by completing individual, partner, and team drills.

Game Scenarios

Apply your skills in realistic match situations and tactical challenges.

Assessment

Demonstrate your learning through practical performance, teamwork, and reflection.

Our Goal

"Physical Education is about more than winning. It is about learning new skills, improving every day, working together, showing respect, and developing healthy habits that last a lifetime."

Assessment Policy

ASSESSMENT POLICY

PRIMEBOOKS YEAR 7 • PHYSICAL EDUCATION

HOW STUDENTS ARE ASSESSED

Assessment in Physical Education provides students with opportunities to demonstrate their practical skills, physical fitness, understanding of game strategies, and personal development throughout the academic year.

Students are assessed using a combination of practical performance, physical fitness testing, and written knowledge, ensuring that every learner has the opportunity to demonstrate achievement across different aspects of Physical Education.

The assessment programme aligns with the aims of the Cambridge Lower Secondary Physical Education Curriculum, promoting skill development, teamwork, responsibility, reflection, and lifelong participation in physical activity.

COLLECTIVE SPORTS ASSESSMENT

At the end of each half-term or full term, students will complete a practical performance assessment in the team sport studied during that period (e.g. Futsal, Basketball or Volleyball).

Students will be assessed on their ability to:

- ✓ Demonstrate correct technical skills.
- ✓ Apply tactical understanding during game situations.
- ✓ Make appropriate decisions under pressure.
- ✓ Communicate effectively with teammates.
- ✓ Show teamwork, cooperation, and leadership.
- ✓ Respect the rules, officials, teammates, and opponents.
- ✓ Demonstrate fair play and positive sporting behaviour.

Assessment is based on performance during authentic game situations rather than isolated drills, encouraging students to apply their learning in realistic sporting environments.

ASSESSMENT OVERVIEW

ASSESSMENT TYPE	DESCRIPTION	WHEN ASSESSED
Collective Sports Assessment	Practical assessment of students' ability to apply technical skills, tactical understanding, teamwork, communication, and fair play during team sports.	End of each half-term or full term
Physical Fitness Assessment	Measurement of students' physical fitness through standardised fitness tests.	Throughout the academic year
Written Knowledge Assessment	Assessment of students' understanding of rules, techniques, tactics, safety, and terminology when practical assessment cannot be completed.	When required

PHYSICAL FITNESS ASSESSMENT

Students will also complete a series of physical fitness assessments designed to monitor their overall physical development.

The fitness assessment programme includes:

FITNESS TEST	COMPONENT ASSESSED
Push-Up Test	Upper body muscular strength and endurance
Sit-Up Test	Core muscular strength and endurance
Beep Test (20 m Shuttle Run)	Cardiovascular endurance and aerobic fitness

These assessments provide measurable evidence of each student's physical fitness and contribute towards their overall Physical Education achievement. Students are encouraged to improve their personal performance throughout the year rather than simply comparing themselves with others.

ATTENDANCE AND ALTERNATIVE ASSESSMENT

Regular attendance and active participation are essential components of Physical Education. Students who miss a significant number of practical lessons may not have sufficient evidence for practical assessment.

In these circumstances, students will complete a written assessment based on the sports studied during the relevant term.

The written assessment may include:

- Rules and regulations
- Equipment and playing areas
- Technical skills
- Sports terminology
- Tactical understanding
- Application of strategies in game situations
- Safety procedures

The written assessment will be marked out of 100%, and the result will contribute towards the student's overall achievement where practical evidence is unavailable.

REPORTING STUDENT ACHIEVEMENT

Student progress is monitored continuously throughout the academic year.

Assessment evidence is collected through:

Teachers use this evidence to provide constructive feedback that supports continuous improvement and encourages every student to achieve their full potential.

ASSESSMENT CRITERIA

ASSESSMENT AREA	FOCUS
Technical Skills	Accuracy, control, and execution of sport-specific skills
Tactical Understanding	Decision-making, positioning, and application of strategies
Physical Fitness	Strength, endurance, speed, agility, coordination, and flexibility
Teamwork & Communication	Cooperation, leadership, communication, and support for others
Sportsmanship	Respect, fair play, responsibility, and positive behaviour
Knowledge & Understanding	Rules, safety, tactics, and terminology

ASSESSMENT PHILOSOPHY

At PrimeBooks Physical Education, assessment is designed not only to measure performance, but also to encourage growth, resilience, teamwork, healthy competition, and a lifelong appreciation of physical activity.

Every student is assessed fairly and provided with opportunities to demonstrate both practical ability and theoretical understanding in line with the principles of the Cambridge Lower Secondary curriculum.

BE ACTIVE

BE RESPECTFUL

BE RESPONSIBLE

BE YOUR BEST

Active Today, Successful Tomorrow.

How Students Are Assessed

Assessment in **PrimeBooks Year 7 Physical Education** is designed to provide students with opportunities to demonstrate their practical skills, physical fitness, understanding of game strategies, and personal development throughout the academic year.

Students are assessed using a combination of **practical performance**, **physical fitness testing**, and **written knowledge**, ensuring that every learner has the opportunity to demonstrate achievement across different aspects of Physical Education.

The assessment programme aligns with the aims of the **Cambridge Lower Secondary Physical Education Curriculum**, promoting skill development, teamwork, responsibility, reflection, and lifelong participation in physical activity.

Assessment Overview

Assessment Type	Description	When Assessed
Collective Sports Assessment	Practical assessment of students' ability to apply technical skills, tactical understanding, teamwork, communication, and fair play during team sports.	End of each half-term or full term
Physical Fitness Assessment	Measurement of students' physical fitness through standardised fitness tests.	Throughout the academic year
Written Knowledge Assessment	Assessment of students' understanding of rules, techniques, tactics, safety, and terminology when practical assessment cannot be completed.	When required

Collective Sports Assessment

At the end of each half-term or full term, students will complete a **practical performance assessment** in the team sport studied during that period (e.g. Futsal, Basketball or Volleyball).

Students will be assessed on their ability to:

- Demonstrate correct technical skills.
- Apply tactical understanding during game situations.
- Make appropriate decisions under pressure.
- Communicate effectively with teammates.
- Show teamwork, cooperation, and leadership.
- Respect the rules, officials, teammates, and opponents.
- Demonstrate fair play and positive sporting behaviour.

Assessment is based on performance during authentic game situations rather than isolated drills, encouraging students to apply their learning in realistic sporting environments.

Physical Fitness Assessment

Students will also complete a series of physical fitness assessments designed to monitor their overall physical development.

The fitness assessment programme includes:

Fitness Test	Component Assessed
Push-Up Test	Upper body muscular strength and endurance
Sit-Up Test	Core muscular strength and endurance
Beep Test (20 m Shuttle Run)	Cardiovascular endurance and aerobic fitness

These assessments provide measurable evidence of each student's physical fitness and contribute towards their overall Physical Education achievement.

Students are encouraged to improve their personal performance throughout the year rather than simply comparing themselves with others.

Attendance and Alternative Assessment

Regular attendance and active participation are essential components of Physical Education.

Students who miss a significant number of practical lessons may not have sufficient evidence for practical assessment.

In these circumstances, students will complete a **written assessment** based on the sports studied during the relevant term.

The written assessment may include:

- Rules and regulations
- Technical skills
- Tactical understanding
- Safety procedures
- Equipment and playing areas
- Sports terminology
- Application of strategies in game situations

The written assessment will be marked out of **100%**, and the result will contribute towards the student's overall achievement where practical evidence is unavailable.

Assessment Criteria

Students are assessed against the following areas:

Assessment Area	Focus
Technical Skills	Accuracy, control, and execution of sport-specific skills
Tactical Understanding	Decision-making, positioning, and application of strategies
Physical Fitness	Strength, endurance, speed, agility, coordination, and flexibility
Teamwork & Communication	Cooperation, leadership, communication, and support for others
Sportsmanship	Respect, fair play, responsibility, and positive behaviour
Knowledge & Understanding	Rules, safety, tactics, and terminology

Reporting Student Achievement

Student progress is monitored continuously throughout the academic year.

Assessment evidence is collected through:

- Practical observations
- Game performance
- Fitness testing
- Teacher feedback
- Self-reflection
- Written assessments (where applicable)

Teachers use this evidence to provide constructive feedback that supports continuous improvement and encourages every student to achieve their full potential.

Assessment Philosophy

At PrimeBooks Physical Education, assessment is designed not only to measure performance, but also to encourage growth, resilience, teamwork, healthy competition, and a lifelong appreciation of physical activity. Every student is assessed fairly and provided with opportunities to demonstrate both practical ability and theoretical understanding in line with the principles of the Cambridge Lower Secondary curriculum.

UNIT 1

FUTSAL

UNIT
1

Futsal

Futsal is a fast-paced indoor team sport played on a hard court with five players per team. It develops technical skill, quick decision-making, teamwork and fitness.

LEARNING OBJECTIVES

By the end of this unit, you will be able to:

- explain the rules, equipment and court markings
- perform and apply fundamental futsal skills
- use attacking and defending strategies in games
- work effectively as part of a team
- take part safely and show respect and fair play

KEY TERMS

futsal court dribbling pass shoot defend marking pivot transition goalkeeper press

WHAT YOU WILL LEARN

- 1.1 Introduction to futsal
- 1.2 Warm-up and mobility
- 1.3 Ball control and dribbling
- 1.4 Passing and receiving
- 1.5 Shooting and finishing
- 1.6 Goalkeeping
- 1.7 Attacking play
- 1.8 Defending play
- 1.9 Game play and tactics
- 1.10 Cool-down and reflection
- 1.11 Assessment

KEY FOCUS AREAS

TECHNICAL SKILLS
 Develop control, passing, dribbling, shooting and goalkeeping.

TACTICAL AWARENESS
 Understand space, movement, support, attacking and defending strategies.

TEAMWORK
 Communicate, make decisions and support your teammates.

FITNESS
 Improve agility, speed, endurance and reaction time.

DID YOU KNOW?

Futsal was developed in Uruguay in the 1930s to help players train and improve their skills in small spaces. It is now played and enjoyed around the world!

SAFETY FIRST

- Always warm up before activity.
- Wear appropriate footwear.
- Stay aware of others around you.
- Play fairly and respect the rules.
- Keep hydrated.

8

Cambridge Lower Secondary Physical Education 7

© Cambridge University Press 2024

In This Unit You Will

Learning Objectives for Unit 1

By the end of this unit, you will be able to:

- ✓ Understand the history, purpose, and rules of futsal.
 - ✓ Identify the court layout, markings, equipment, and player positions.
 - ✓ Perform fundamental futsal skills, including ball control, dribbling, passing, shooting, and goalkeeping.
 - ✓ Apply attacking and defensive strategies during game situations.
 - ✓ Demonstrate teamwork, communication, fair play, and respect for others.
 - ✓ Participate safely and confidently in modified and full futsal matches.
 - ✓ Reflect on your own performance and identify areas for improvement.
-

Main Idea

Futsal is a fast-paced indoor team sport that develops technical ability, quick decision-making, teamwork, and tactical awareness. Unlike traditional football, futsal is played on a smaller court using a smaller, low-bounce ball, allowing players to develop excellent ball control and close passing skills.

Throughout this unit, you will progressively learn the fundamental techniques and tactical concepts required to play futsal successfully. Practical drills, small-sided games, and match situations will help you build confidence while improving your fitness, coordination, communication, and sportsmanship.

What You Will Achieve by the End of This Unit

By completing this unit successfully, you will be able to:

Understand the Game

- Explain the history and development of futsal.
 - Identify court markings, equipment, and player positions.
 - Demonstrate an understanding of the official rules and fair play principles.
-

Develop Technical Skills

- Control the ball using different parts of the foot.
 - Dribble confidently in tight spaces.
 - Pass accurately using different techniques.
 - Shoot with both accuracy and power.
 - Perform basic goalkeeping techniques.
-

Apply Tactical Knowledge

- Create attacking opportunities through movement and passing.
 - Defend effectively using marking, pressing, and positioning.
 - Make quick decisions during match play.
 - Work effectively as part of a team.
-

Improve Physical Fitness

Throughout this unit you will develop:

- Agility
 - Speed
 - Coordination
 - Balance
 - Endurance
 - Reaction Time
-

Demonstrate Positive Sporting Values

You will learn to:

- Respect teammates, opponents, officials, and equipment.
 - Communicate positively during games.
 - Show leadership and responsibility.
 - Demonstrate teamwork and fair play.
 - Reflect on your performance and strive for continuous improvement.
-

Unit Topics

Section	Topic
1.1	Introduction
1.2	Warm-Ups
1.3	Ball Control (First Touch & Dribbling)
1.4	Passing
1.5	Shooting & Finishing
1.6	Goalkeeping
1.7	Attacking Strategies
1.8	Defensive Strategies
1.9	Game Scenarios / Match Play
1.10	Cool-Down & Reflection
1.11	Collective Assessment

Coach's Tip

Mr Filipe Baptista

"The best futsal players are not always the fastest—they are the ones who make the best decisions, communicate with their teammates, and master the basics through consistent practice."

1.1 Introduction

Get ready to experience the excitement of futsal! In this unit, you will discover one of the world's fastest and most exciting team sports while developing the skills, fitness, and confidence needed to play successfully. You will learn the rules of the game, explore player positions, and practise essential techniques such as dribbling, passing, shooting, ball control, and goalkeeping. Through fun drills, small-sided games, and match play, you will improve your teamwork, communication, decision-making, and tactical awareness. Most importantly, you will learn the values of fair play, respect, and sportsmanship while challenging yourself to improve every lesson. By the end of this unit, you will be ready to play futsal with confidence, work effectively as part of a team, and enjoy the game in a safe and positive environment.

1.2 Warm-ups

FUTSAL WARM-UPS

A good warm-up prepares your body and mind for the game, helps prevent injuries, and improves performance.

1 JOGGING   Light jog around the court for 3–5 minutes. Raises heart rate and warms up the body.	2 DYNAMIC LEG SWINGS   Swing your leg forward and backward, then side to side. Do 10–15 swings each leg. Improves hip mobility and flexibility.	3 HIGH KNEES   Run in place while lifting your knees high. Do for 30–45 seconds. Increases heart rate and activates leg muscles.	4 BUTT KICKS   Jog in place while bringing your heels to your glutes. Do for 30–45 seconds. Warms up hamstrings and improves circulation.	5 SIDE SHUFFLE   Shuffle side to side across the court. Do for 30–45 seconds. Improves lateral movement and agility.
6 LEG CIRCLES   Make circles with your leg forward and backward. Do 10 circles each leg. Improves hip mobility and balance.	7 ARM CIRCLES   Make small to large circles with your arms forward and backward. Loosens shoulder joints and warms up upper body.	8 LUNGES   Step forward and lower your body. Alternate legs. Do 8–10 lunges each leg. Warms up legs and improves stability.	9 TOE TAPS ON THE BALL   Tap the top of the ball alternating feet. Do for 30–45 seconds. Improves coordination and ball feel.	10 LIGHT BALL DRIBBLING   Dribble the ball slowly around the court. Use different parts of your feet. Prepares you for the game and improves ball control.

 **Remember:** Always warm up before playing and cool down after the game. Listen to your body and stay hydrated!

1.3 Ball Control (First-touch & Dribbling)

BALL CONTROL (FIRST-TOUCH & DRIBBLING)

Good ball control helps you keep possession, beat opponents, and create scoring opportunities.

FIRST-TOUCH – Controlling the ball when it comes to you.

A good first touch puts the ball in a place where you can move quickly and keep control.

1 Inside of the foot
Use to control the ball to either side.

2 Outside of the foot
Use to control the ball across your body.

3 Sole of the foot
Use to stop the ball or pull it backward.

4 Thigh
Use to control the ball in the air.

5 Chest
Use to control the ball in the air.

✓ KEY POINTS

- Keep your eyes on the ball.
- Relax your body.
- Cushion the ball.
- Touch the ball in the direction you want to go.

DRIBBLING – Moving with the ball under control.

Dribble to keep possession, beat defenders, and create space.

1 Basic Dribble
Use the inside of your foot. Keep the ball close.

2 Change Direction
Use the inside or outside of your foot.

3 Shield the Ball
Use your body to protect the ball from defenders.

4 Speed Dribble
Take the ball forward with quick touches.

5 Zig-Zag Dribble
Dribble through cones or markers.

✓ KEY POINTS

- Keep the ball close.
- Use small touches.
- Keep your head up.
- Change speed and direction.

TIPS:

Practice both feet.

Stay close to the ball.

Be confident and creative.

Practice every day to improve.

1.4 Passing

PASSING IN FUTSAL

Good passing keeps possession, creates space and builds scoring opportunities.
Accurate pass + good decision = effective teamwork!

KEY REMINDERS

- Keep your head up – look before you pass.
- Pass with the right weight (not too hard or too soft).
- Communicate with your teammates.
- Be ready to receive the ball.

TYPES OF PASSES

- Short Pass**
Used to keep possession and build play in small spaces.
- Long Pass**
Used to switch play or find a teammate in space.
- Diagonal Pass**
Used to break lines and move the defense.
- Back Pass**
Used to keep possession and create better options.

HOW TO PASS – Use the inside of your foot

- 1 Prepare**
 - Look up and scan.
 - Open your body towards your target.
 - Plant your non-kicking foot beside the ball.
- 2 Contact**
 - Use the inside of your foot.
 - Foot slightly angled.
 - Lock your ankles.
 - Contact the middle of the ball.
- 3 Follow Through**
 - Push the ball towards your target.
 - Your foot points to the target.
 - Keep it low and controlled.
- 4 Weight**
 - Pass with the right weight.
 - Soft pass for close teammates.
 - Stronger pass for longer distance.
- 5 Ready**
 - Move after you pass.
 - Be ready for the next play.
 - Support your teammate.

BEST SURFACES TO PASS WITH

PASSING TIPS

- ✓ Pass early, not at the last second.
- ✓ Keep the ball on the floor.
- ✓ Accuracy is more important than power.
- ✓ Use one or two touches.
- ✓ Help your teammate by moving into space.

COMMON PASSING TECHNIQUES

- 1 SHORT PASS**
Keep the ball on the floor. Used in tight spaces.

Good for: keeping possession, combining, creating space.
- 2 LONG PASS**
Pass the ball firmly along the floor to reach a teammate.

Good for: switching play, finding space.
- 3 DIAGONAL PASS**
Pass across the court to change the angle.

Good for: breaking defensive lines, creating attacking opportunities.
- 4 BACK PASS**
Pass backwards to a teammate or your goalkeeper.

Good for: keeping possession, resetting play, staying safe.

PRACTICE DRILLS

- Wall Pass**
Pass against the wall and receive the ball back.
- Partner Passing**
Practice short passes with a partner.
- Triangle Passing**
3 players pass in a triangle to improve movement.
- Passing in Motion**
Pass while moving to improve game situations.

GOOD PASSING = TEAMWORK • TEAMWORK = SUCCESS • PLAY TOGETHER, WIN TOGETHER!

1.5 Shooting and finishing

SHOOTING & FINISHING IN FUTSAL

Shooting is the final touch that creates goals. Be quick, be accurate, and be confident!

KEY REMINDERS

- ✓ Keep your head up.
- ✓ Create space and shoot quickly.
- ✓ Aim for the corners.
- ✓ Follow through and stay balanced.

TYPES OF SHOTS

1 INSIDE FOOT SHOT

Good for accuracy and placing the ball into the corners.
Best for: Placing, short to medium range.

2 POWER SHOT (LACE)

Hit the ball with the laces for power and speed.
Best for: Longer range shots, beating the goalkeeper.

3 OUTSIDE FOOT SHOT

Use the outside of your foot to shoot across your body.
Best for: Creating angle, surprising the goalkeeper.

4 VOLLEY / FIRST-TIME SHOT

Shoot the ball in the air before it hits the ground.
Best for: Quick finishes inside the penalty area.

5 CHIP SHOT

Lift the ball over the goalkeeper with a soft touch.
Best for: 1v1 situations, when the gk comes out.

HOW TO SHOOT (STEP BY STEP)

- Approach**
Move towards the ball at a slight angle.
- Plant Foot**
Place your non-kicking foot beside the ball, pointing towards your target.
- Lock Ankle**
Keep your ankle locked and toes pointing down.
- Contact**
Strike the ball with the part of your foot you want to use.
- Follow Through**
Swing your leg towards your target and stay balanced.

KEY POINTS

- LOOK**
Keep your head up. Check the goal, the goalkeeper and defenders.
- AIM**
Pick your target. Corners are harder for the keeper to reach.
- CONTACT**
Use the right part of your foot for the shot you want.
- POWER & CONTROL**
Choose power for long range, control for better placement.
- BALANCE**
Stay over the ball and be ready for the next move.

WHERE TO AIM

TOP CORNER
High and hard to reach.

BOTTOM CORNER
Low shots are harder to save.

Avoid shooting straight at the goalkeeper. Make the goal as big as possible for yourself!

TIPS FOR BETTER FINISHING

- BE QUICK**
Shoot early before the defender or goalkeeper can react.
- CREATE SPACE**
Move, feint, and use quick touches to create shooting opportunities.
- STAY CALM**
Stay composed in 1v1 situations and under pressure.
- PRACTICE OFTEN**
The more you practice, the more confident and accurate you'll be.

FINISHING IN 1v1 SITUATIONS

Stay composed and choose the best option.

- ✓ Keep the ball close.
- ✓ Observe the goalkeeper.
- ✓ Choose your shot (place, chip, or power).
- ✓ Finish with confidence!

- Approach the defender and goalkeeper.
- Take a touch to open up a shooting angle.
- Choose your finish: place, chip or power.
- Score and be ready for the next play!

PRACTICE IDEAS

TARGET PRACTICE

Place cones in the corners and try to hit them.

SHOOTING DRILLS

Practice different types of shots from various spots.

GAME SITUATIONS

Apply your shooting in small-sided games and match play.

★ **REMEMBER: GOOD PLAYERS CREATE CHANCES, GREAT PLAYERS FINISH THEM!**

🏆 **PRACTICE HARD, SHOOT SMART, SCORE GOALS!**

1.6 Goalkeeping

GOALKEEPING IN FUTSAL

The goalkeeper is the last line of defense. Be alert, be quick, be brave!

A GOOD GOALKEEPER IS:

- ✓ Focused
- ✓ Quick to react
- ✓ Good at decision making
- ✓ Confident
- ✓ Communicates well
- ✓ A leader

1 BASIC GOALKEEPING POSITIONS

Be ready! A good position helps you save more goals.

- Stay on the balls of your feet.
- Knees slightly bent.
- Hands in front.
- Eyes on the ball.
- Be centered in front of the goal.

2 SAVING TECHNIQUES

Use the correct technique for every situation.

- 1. LOW SAVE**
Get your body behind the ball. Knees down, hands behind the ball. Keep it close.
- 2. MID-HEIGHT SAVE**
Hands up, fingers spread, soft hands. Pull the ball into your body.
- 3. HIGH SAVE**
Jump off one foot, reach high with both hands. Stay balanced.
- 4. BLOCK SAVE**
Make yourself big. Use your body to block the goal.
- 5. 1v1 SAVE**
Come out quickly, make yourself big and narrow the angle. Stay low.

3 DISTRIBUTION (STARTING ATTACKS)

After a save, play forward and start the attack.

- THROW**
Quick and accurate for short distances.
- ROLL**
Roll the ball along the floor to a teammate.
- KICK**
Use the instep to pass long distances.

4 KEY GOALKEEPER SKILLS

- REACTION**
React quickly to shots and passes.
- FOOTWORK**
Move fast, small steps to be in the right position.
- COMMUNICATION**
Talk to your teammates. Organize and encourage.
- COURAGE**
Be brave to dive, block and face every situation.
- FOCUS**
Stay focused from the first minute to the last.

5 WHAT TO AVOID

- ✗ Don't stand too far from your goal.
- ✗ Don't watch the ball only, know where players are.
- ✗ Don't rush out without a reason.
- ✗ Don't give up, stay positive and keep trying.

6 FOOTWORK DRILLS

Good footwork = better saves

- SHUFFLE**
Move quickly side to side.
- T-STEP**
Step to the side, then back.
- FORWARD & BACK**
Move forward and back quickly.

7 GOALKEEPER CHECKLIST

- ✓ Am I in the correct position?
- ✓ Are my eyes on the ball?
- ✓ Am I communicating with my team?
- ✓ Am I ready to react?
- ✓ Did I distribute the ball well?

8 REMEMBER

A GREAT GOALKEEPER MAKES SAVES, A GREAT TEAM PREVENTS GOALS, BUT TOGETHER YOU WIN!

★ BE A LEADER
Encourage your team. Stay calm. Lead by example. You are an important part of the team!

TIP: Practice every day. The more you train, the more confident you will be in games!

TRAIN HARD. STAY FOCUSED. BE THE DIFFERENCE.

1.7 Attacking Strategies

ATTACKING STRATEGIES IN FUTSAL

Good attacking play creates space, opens the defense and leads to scoring opportunities.
Move the ball. Move the players. Create chances. Score goals!

KEY PRINCIPLES OF ATTACK

- Keep possession
- Move off the ball
- Create space
- Quick passing
- Support your teammates
- Be patient and make smart decisions

1 WHAT IS AN ATTACK?

An attack is when your team tries to move the ball forward and create a chance to score.
It requires teamwork, movement, good passing and smart decisions.

2 ATTACKING KEYS

- Possession**
Keep the ball and control the game.
- Penetration**
Move the ball forward to break the defense.
- Support**
Help your teammate with options.
- Movement**
Move to create space for yourself and others.
- Finishing**
Take your chance and score!

3 IMPORTANT REMINDERS

- Communicate with your teammates.
- Stay in constant movement.
- Support the ball and be an option.
- Don't force the play.
- Look up, think, and make smart choices.
- Always be ready to finish!

1 OVERLAP

Go around your teammate

HOW TO USE IT:

- Pass the ball to your teammate.
- Run around them to the open space.
- Receive the ball back and attack.

Best used on the sides.

2 GIVE AND GO

Pass and move

HOW TO USE IT:

- Pass the ball to your teammate.
- Move into space.
- Get the ball back and continue attacking.

Great for quick combinations.

3 WALL PASS

Use a teammate as a wall

HOW TO USE IT:

- Pass the ball to your teammate.
- They return the ball quickly.
- You receive and attack forward.

Breaks pressure and creates space.

4 SWITCH PLAY

Change the point of attack

HOW TO USE IT:

- Move the ball to the opposite side.
- Attack the weaker side of the defense.
- Create new space and options.

Patience + quick switch = advantage.

5 PIVOT

Use a pivot to hold and play

HOW TO USE IT:

- Pass the ball to your pivot.
- Pivot protects the ball.
- They return it or lay it off for a shot.

Useful when defenders press high.

6 THIRD MAN RUN

A teammate makes a surprise run

HOW TO USE IT:

- Pass to player 2.
- Player 3 makes a surprise run.
- Pass to the runner for a chance.

Creates confusion in the defense.

7 ATTACK THE SPACE

Exploit empty areas

HOW TO USE IT:

- Look for open spaces.
- Pass into space, not just to players.
- Move in and attack the space.

Space is the key to good attacks.

8 POWER PLAY (5v4)

Attack with an extra player

HOW TO USE IT:

- Keep possession and be patient.
- Move the ball quickly.
- Create and take high-quality shots.

More passes = better chances.

EXAMPLE OF GOOD ATTACKING FLOW

- Keep possession and control.
- Move and create passing options.
- Use a strategy (e.g., give and go).
- Create space and penetrate.
- Take the shot and score!

4 REMEMBER

**TEAMWORK
MOVEMENT
SMART DECISIONS
= GOALS!**

★ **ATTACK TO WIN, BUT PLAY WITH INTELLIGENCE AND RESPECT.**

1.8 Defensive Strategies

DEFENSIVE STRATEGIES IN FUTSAL

A strong defense is the foundation of every winning team.
Be organized. Work together. Win the ball. Protect the goal.

KEY DEFENSIVE PRINCIPLES

- Protect the goal
- Work as a unit
- Press with purpose
- Stay compact
- Anticipate and read the play
- Make smart decisions

1. WHAT IS DEFENDING?

Defending is about stopping the opponent from scoring and winning the ball back. Good defense starts with the right attitude, teamwork and discipline.

2. DEFENSIVE KEYS

- Pressure**
Close down the ball quickly to limit time and space.
- Cover**
Support your teammate and protect the space behind.
- Balance**
Stay organized and cover the court.
- Communication**
Talk to each other. Give information and encourage.
- Discipline**
Stay in position, follow the game plan and be patient.

6 KEY DEFENSIVE STRATEGIES

1. MAN-TO-MAN MARKING

Mark your opponent closely.

HOW TO USE IT:

- Each defender marks one attacker.
- Stay close, deny the ball and follow them.
- Stop passes and shots.

Best used when enemies are skilled.

2. ZONAL DEFENSE

Protect areas, not players.

HOW TO USE IT:

- Defend the spaces in your zone.
- Stay in shape and move together.
- Deny the ball into dangerous areas.

Good for controlling space and shape.

3. PRESSING (HIGH PRESS)

Defend high up the court.

HOW TO USE IT:

- Close down the ball quickly.
- Force the opponent to make mistakes.
- Win the ball in their half.

Use when you are fit and organized.

4. HALF COURT DEFENSE (MID BLOCK)

Defend in the middle third.

HOW TO USE IT:

- Stay between the ball and your goal.
- Protect the center and force wide.
- Wait for the right moment to press.

Most common and balanced approach.

5. LOW BLOCK (DROP BACK)

Defend deep and protect the goal.

HOW TO USE IT:

- Drop back near your goal.
- Protect the penalty area.
- Force long shots, not easy ones.

Use when you are under pressure.

6. DOUBLE TEAM

Two defenders press one attacker.

HOW TO USE IT:

- Trap the opponent with two players.
- Force the ball out or win it back.
- Be careful not to leave space behind.

Use in key moments or against key players.

3. WHEN TO DEFEND

- When the opponent has the ball.
- When the opponent is looking to pass.
- When the opponent is shooting.
- In transitions (attack to defense).

GOOD DEFENDERS:

- Stay calm
- Work hard
- Never give up
- Learn and improve
- Support your team every second

4. DEFENSIVE SHAPE

Stay compact and connected.

- Narrow and short (compact).
- Keep good distance between players.
- Slide together as a unit.

5. TRANSITION: DEFENSE TO ATTACK

Win the ball and play forward quickly.

- 1. WIN THE BALL
Stay focused and win the ball cleanly.
- 2. SECURE THE BALL
Make a safe pass to a teammate.
- 3. MOVE FORWARD
Make runs and support the attack.
- 4. ATTACK QUICKLY
Create a chance and score!

6. REMEMBER

- Defend as a team
- Stay organized
- Communicate
- Be patient
- Be smart

STRONG DEFENSE = MORE WINS!

🏆 TOGETHER WE DEFEND, TOGETHER WE WIN!

★ WORK HARD. STAY FOCUSED. RESPECT THE GAME. ⚽

1.9 Game Scenarios / Match Play

GAME SCENARIOS / MATCH PLAY

THINK – DECIDE – ACT

Use what you have learned.
Make smart decisions.
Play as a team. Enjoy the game!

KEYS TO SUCCESS

- ✓ Communication
- ✓ Movement
- ✓ Support
- ✓ Decision making
- ✓ Work rate
- ✓ Teamwork

WHAT IS MATCH PLAY?

Match play is using skills, strategies and teamwork in real game situations.

Every game is different. Be ready to adapt and solve problems together.

Play hard, play smart, play fair!

1 COMMON GAME SCENARIOS (4v4 OUTFIELD + GK)

A. WE HAVE POSSESSION
 Keep the ball and create chances.
 

WHAT TO DO

- Spread out and create space.
- Pass and move.
- Be patient and wait for openings.
- Look for the best option to attack.

B. WE ARE ATTACKING
 Create and finish.
 

WHAT TO DO

- Penetrate with passes or dribble.
- Use overlaps, pivots or third man run.
- Shoot when you have a clear chance.
- Support the attack.

C. WE LOSE POSSESSION
 Win the ball back quickly.
 

WHAT TO DO

- Press the ball immediately.
- Close down the player with the ball.
- Cut off passing options.
- Win it back in their half if possible.

D. THEY ARE ATTACKING
 Stop them and protect our goal.
 

WHAT TO DO

- Get back and protect the goal.
- Stay compact and mark.
- Force them to the sides.
- Block shots and stay disciplined.

E. THEY HAVE POSSESSION
 Be patient and stay organized.
 

WHAT TO DO

- Stay in shape and on your feet.
- Cover and balance.
- Wait for the right moment to press.
- Do not dive in or leave spaces.

2 TRANSITION MOMENTS

DEFENSE TO ATTACK
 Win the ball → Attack fast!
 

- Look forward quickly.
- Make the first pass.
- Run into space.
- Attack before the defense is set.

ATTACK TO DEFENSE
 Lose the ball → Defend fast!
 

- Stop and recover.
- Get behind the ball.
- Protect the goal.
- Communicate.

3 SET PLAYS (CREATE OPPORTUNITIES)

CORNER KICK (ATTACK)

- Short corner to a teammate.
- Pass and move.
- Look for a shot or penetration.

FREE KICK (ATTACK)

- Quick pass or direct shot.
- Create distraction.
- Look for rebounds.

KICK-IN (ATTACK)

- Use kick-in to switch play.
- Move to create space.
- Play simple and safe.

4 MATCH PLAY TIPS

-  **LOOK AROUND** Scan the court before you receive the ball.
-  **MOVE** Move to create space and help your teammates.
-  **COMMUNICATE** Talk to your team: call for the ball, give information, encourage.
-  **MAKE SMART DECISIONS** Choose the best option: pass, dribble or shoot.
-  **BE RESPONSIBLE** Work hard, follow the plan and respect the game.

5 MATCH SITUATIONS (WHAT COULD HAPPEN?)

SITUATION	WHAT TO DO	KEY POINT
★ We are winning	Keep possession, be patient, control the game.	Stay calm and smart.
↓ We are losing	Stay positive, press more, create chances.	Never give up!
⌚ Last 2 minutes (close game)	Be disciplined, focus on every detail.	One play can decide the game.
⚽ Power play (extra attacker)	Spread out, quick passes, shoot more.	Keep balance. Don't lose the ball.
🛡️ Their power play	Protect the goal, block shots, be compact.	Stay organized and work hard.

6 BEFORE – DURING – AFTER THE GAME

BEFORE THE GAME

- Warm up well.
- Listen to the plan.
- Stay focused.
- Believe in your team.

DURING THE GAME

- Play your role.
- Communicate.
- Adapt and support.
- Enjoy and compete!

AFTER THE GAME

- Shake hands.
- Be proud of your effort.
- Learn and improve.
- Prepare for next game.

7 REMEMBER

**FOCUS + EFFORT
TEAMWORK + RESPECT
SMART DECISIONS
= SUCCESS!**

★ EVERY MATCH IS A NEW CHALLENGE. PLAY TOGETHER, WIN TOGETHER!

⚽ RESPECT THE GAME. RESPECT EVERYONE.

UNIT 2

CROSS COUNTRY

UNIT
2

Cross Country

Cross-country running is an endurance sport where athletes run over natural terrain. It develops cardiovascular fitness, stamina, mental strength and determination.

LEARNING OBJECTIVES

By the end of this unit, you will be able to:

- explain the purpose and rules of cross country
- demonstrate correct running technique
- improve endurance through training activities
- use pacing strategies during races
- participate safely in cross-country events
- show determination, respect and sportsmanship

KEY TERMS

endurance pace terrain elevation stride breathing strategy recovery race

WHAT YOU WILL LEARN

- 2.1 Introduction / Rules
- 2.2 Warm-Ups
- 2.3 Running Techniques
- 2.4 Endurance Development
- 2.5 Race Strategies
- 2.6 Game Scenarios
- 2.7 Cool-Down & Reflection
- 2.8 Individual Assessment

KEY FOCUS AREAS

**FITNESS**
Build cardiovascular endurance, stamina and overall fitness.

**TECHNIQUE**
Develop efficient running technique and maintain good posture.

**STRATEGY**
Learn pacing, race planning and how to manage energy effectively.

**SPORTSMANSHIP**
Show respect for others, encouragement and fair play at all times.

DID YOU KNOW?

Cross country has been part of the modern Olympic Games since 1912. It is one of the most demanding sports, challenging both the body and the mind.

SAFETY FIRST

- Always warm up before running.
- Wear appropriate footwear and clothing.
- Stay hydrated before, during and after.
- Be aware of terrain and obstacles.
- Listen to your teacher and follow instructions.

12 Cambridge Lower Secondary Physical Education 7 © Cambridge University Press 2024

In This Unit You Will

Learning Objectives for Unit 2

By the end of this unit, you will be able to:

- ✓ Understand the purpose, history, and basic rules of cross-country running.
 - ✓ Identify different types of running terrain and apply appropriate safety procedures.
 - ✓ Demonstrate correct running posture, pacing, and breathing techniques.
 - ✓ Improve cardiovascular endurance through structured training activities.
 - ✓ Apply effective race strategies during individual and team events.
 - ✓ Participate confidently in training sessions, relay races, and cross-country competitions.
 - ✓ Reflect on your own performance and identify ways to improve your endurance and running technique.
-

Main Idea

Cross-country running is an endurance sport that challenges athletes to run over natural terrain, including grass, trails, hills, and uneven surfaces. It develops cardiovascular fitness, muscular endurance, determination, resilience, and mental strength while encouraging students to appreciate outdoor physical activity.

Throughout this unit, you will progressively develop the knowledge, techniques, and fitness required to become a more confident and efficient runner. Through structured training sessions, pacing exercises, endurance development, and competitive races, you will improve your physical fitness while learning the importance of perseverance, discipline, and sportsmanship.

What You Will Achieve by the End of This Unit

By completing this unit successfully, you will be able to:

Understand the Sport

- Explain the purpose and history of cross-country running.
 - Identify different types of running terrain.
 - Demonstrate an understanding of race rules, safety procedures, and fair play.
-

Develop Running Skills

- Maintain correct running posture and body alignment.
 - Use effective arm drive and stride techniques.
 - Adapt your running technique for uphill and downhill terrain.
 - Apply efficient pacing and breathing strategies.
 - Finish races with confidence and control.
-

Apply Race Strategies

- Start races with an appropriate pace.
 - Position yourself effectively within a group of runners.
 - Manage energy efficiently throughout a race.
 - Demonstrate determination and tactical decision-making during competition.
-

Improve Physical Fitness

Throughout this unit you will develop:

- Cardiovascular Endurance
- Muscular Endurance
- Speed
- Agility
- Stamina
- Mental Resilience

Demonstrate Positive Sporting Values

You will learn to:

- Respect fellow runners, teachers, officials, and the environment.
- Encourage and support classmates during activities.
- Show perseverance and determination.
- Demonstrate responsibility and self-discipline.
- Reflect on your performance and set goals for future improvement.

Unit Topics

Section	Topic
2.1	Introduction / Rules
2.2	Warm-Ups
2.3	Running Techniques
2.4	Endurance Development
2.5	Race Strategies
2.6	Game Scenarios
2.7	Cool-Down & Reflection
2.8	Individual Assessment

Coach's Tip

Mr Claudio Pardal

"Cross-country is not about who starts the fastest—it's about who manages their pace, stays focused, and finishes strong. Consistency and determination are the keys to becoming a successful runner."

2.1 Introduction / Rules

Get ready to challenge yourself through the exciting world of cross-country running! In this unit, you will discover the benefits of endurance running while developing the fitness, determination, and resilience needed to perform your best. You will learn about the basic rules of cross-country, race etiquette, pacing strategies, and the importance of warming up, cooling down, and maintaining a healthy lifestyle. Through a variety of running activities, fitness challenges, and outdoor training sessions, you will improve your cardiovascular endurance, running technique, stamina, and mental strength. You will also develop important personal qualities such as perseverance, self-discipline, goal setting, and resilience while supporting and encouraging others. By the end of this unit, you will be able to complete cross-country courses with greater confidence, apply effective running strategies, and appreciate the importance of physical fitness and lifelong participation in running and outdoor physical activity.

2.2 Warm-ups

CROSS-COUNTRY WARM-UPS

A proper warm-up prepares your body for running, improves performance, reduces the risk of injury, and gets your muscles ready for endurance exercise.

1 LIGHT JOGGING   Jog at an easy pace for 3–5 minutes around the field or track. • Raises heart rate. • Increases blood flow to muscles. • Prepares the body for exercise.	2 ARM CIRCLES   Make small circles with your arms forwards and backwards. Do 15–20 seconds each direction. • Loosens shoulder joints. • Improves upper-body mobility. • Encourages relaxed running posture.	3 HIGH KNEES   Run on the spot while lifting your knees to waist height. Do for 30–45 seconds. • Activates hip flexors. • Improves running technique. • Increases heart rate.	4 BUTT KICKS   Jog while bringing your heels towards your glutes. Do for 30–45 seconds. • Warms up hamstrings. • Improves running rhythm. • Enhances leg speed.	5 SIDE SHUFFLE   Shuffle sideways left and right. Do for 30–45 seconds. • Activates hip muscles. • Improves balance. • Enhances lateral movement.
6 WALKING LUNGES   Step forward into a lunge, alternating legs. Do 8–10 lunges per leg. • Activates quadriceps and glutes. • Improves hip flexibility. • Develops stability.	7 LEG SWINGS   Swing each leg forwards and backwards, then side to side. Do 10–15 swings each leg. • Increases hip mobility. • Improves flexibility. • Prepares muscles for running.	8 ANKLE ROTATIONS   Lift one foot and rotate your ankle in both directions. Do 10 rotations each direction per foot. • Improves ankle mobility. • Reduces injury risk. • Prepares feet for uneven terrain.	9 STRIDES   Run 40–60 metres at approximately 70–80% effort, gradually increasing speed. Complete 3–4 strides. • Activates running muscles. • Improves running mechanics. • Prepares the body for faster running.	10 DYNAMIC STRETCHES   Perform controlled dynamic stretches such as: • Walking toe touches • Hip openers • Knee hugs • Quad pulls Do for 30–45 seconds. • Improves flexibility. • Increases range of motion. • Helps prevent muscle strains.

Remember: Always warm up before running and cool down after every session. Run at your own pace, stay hydrated, maintain good running posture, and listen to your body. Consistent warm-ups help improve endurance, reduce injury risk, and prepare you for successful cross-country running.

2.3 Running / Techniques

RUNNING / TECHNIQUES

Good running technique helps you run more efficiently, improve performance, reduce injury risk, and enjoy running for longer.

1 UPRIGHT POSTURE  Keep your head up and back straight. Look forward, not at the ground. • Improves breathing. • Helps you run more efficiently. • Reduces strain on your back and neck.	2 RELAXED SHOULDERS  Keep your shoulders down and relaxed. • Reduces tension. • Allows better arm movement. • Helps you stay comfortable while running.	3 ARM ACTION  Bend your elbows to about 90° and swing your arms forwards and backwards. • Drives your legs forward. • Maintains balance. • Helps you run faster and more efficiently.	4 FOOT STRIKE  Land softly on the middle of your foot, not on your heels or toes. • Reduces impact and injury risk. • Improves shock absorption. • Helps maintain a smooth running stride.	5 CADENCE (STEP RATE)  Take quick, light steps. Aim for 160-180 steps per minute. • Improves efficiency. • Helps maintain rhythm. • Reduces overstriding.
6 SHORT STRIDE  Take shorter steps, landing under your body. • Reduces braking forces. • Improves speed and balance. • Helps prevent injury.	7 KNEE LIFT  Lift your knees forward, not too high, using your hip muscles. • Improves running form. • Helps maintain good posture. • Increases running efficiency.	8 RELAXED HANDS  Keep your hands relaxed, with a light fist. • Reduces unnecessary tension. • Improves arm swing. • Helps you stay relaxed and in control.	9 BREATHING  Breathe deeply and rhythmically. Inhale through your nose, exhale through your mouth. • Provides more oxygen. • Improves endurance. • Helps maintain energy levels.	10 LOOK AHEAD  Look 10-20 metres ahead, not down at your feet. • Helps with balance and direction. • Improves posture. • Allows better anticipation of the terrain.

 **Remember:** Good technique takes practice. Be consistent, listen to your body, and keep working hard. Small improvements lead to big results!

2.4 Endurance Development

ENDURANCE DEVELOPMENT

Building endurance helps you run for longer, improve performance, delay fatigue, and support a healthy, active lifestyle.

1 AEROBIC BASE BUILDING Build a strong foundation by running at an easy, steady pace for longer periods. • Improves cardiovascular fitness. • Increases stamina. • Helps your body use oxygen more efficiently. 20–40 minutes 3–5 times per week	2 PROGRESSIVE OVERLOAD Gradually increase the time, distance, or intensity of your runs each week. • Improves endurance over time. • Builds strength and resilience. Increase by 5–10% each week	3 TEMPO RUNS Run at a comfortably hard pace (you can talk, but not sing) for a sustained time. • Improves lactate threshold. • Helps you maintain faster paces for longer. • Builds mental toughness. 15–30 minutes 1–2 times per week	4 LONG SLOW DISTANCE Run longer distances at an easy pace to build stamina and mental endurance. • Increases aerobic capacity. • Strengthens muscles and joints. • Prepares you for longer races. 30–90 minutes 1 time per week	5 INTERVAL TRAINING Alternate between high-intensity efforts and easy recovery. Example: 1 min fast / 2 min easy. • Improves cardiovascular fitness. • Increases speed endurance. • Helps your body adapt to varying efforts. 20–30 minutes 1–2 times per week
6 HILL TRAINING Run uphill at a strong, controlled pace and jog down to recover. • Builds leg strength and power. • Improves running form. • Enhances overall endurance. 6–10 hill repeats 1 time per week	7 FARTLEK TRAINING Vary your pace during your run by adding surges of fast running followed by easy running. • Improves aerobic and speed endurance. • Makes training more enjoyable. • Helps your body adapt to pace changes. 20–40 minutes 2–3 times per week	8 CROSS TRAINING Include other activities like cycling, swimming, or rowing to improve endurance. • Improves aerobic fitness. • Reduces injury risk. • Builds endurance with less impact on the body. 1–2 times per week	9 RECOVERY & REST Allow your body time to recover and adapt after hard training. • Repairs muscles. • Prevents overtraining. • Improves performance. 7–9 hours sleep nightly Rest days are essential	10 NUTRITION & HYDRATION Fuel your body with nutritious food and stay hydrated. • Provides energy for training. • Supports recovery. • Helps maintain performance and focus. Drink water before, during, and after running

Remember: Consistency is the key to building endurance. Train smart, listen to your body, stay positive, and enjoy the journey to becoming a stronger, more resilient runner!

2.5 Race Estrategies

RACE STRATEGIES

A smart race strategy helps you run your best, manage your energy, and finish strong.

1 KNOW THE COURSE Study the course before the race. Know the hills, turns, and key sections. • Helps you plan your pace. • Reduces surprises on race day. • Builds confidence. ★ PREPARE = PERFORM	2 START SMART Avoid going out too fast. Start at a controlled pace. • Prevents early fatigue. • Helps you maintain energy for later. • Allows you to settle in. ★ DON'T RACE THE FIRST 500 METRES	3 PACE YOUR RACE Find a steady rhythm and maintain it. • Use even breathing. • Focus on effort, not others. • Aim for a pace you can hold throughout. ★ STEADY WINS THE RACE	4 USE THE TERRAIN Adjust your effort to the terrain. • Power up hills, stay relaxed. • Shorten your stride downhill. • Stay balanced on uneven ground. ★ STRONG UP, SMOOTH DOWN	5 STAY RELAXED Keep your shoulders down, arms relaxed, and hands unclenched. • Saves energy. • Helps you breathe easily. • Keeps your form efficient. ★ RELAX TO PERFORM
6 FOCUS ON YOUR RACE Don't get distracted by other runners or the crowd. • Stick to your plan. • Focus on your effort. • Run your own race. ★ YOU vs YOU	7 MENTAL STRENGTH Stay positive and keep pushing when it gets tough. • Break the race into sections. • Use positive self-talk. • Believe in your training. ★ STRONG MIND, STRONG FINISH	8 THE FINAL PUSH Increase your effort in the last 300–400 metres. • Use what you have left. • Drive your arms. • Finish with pride. ★ LEAVE IT ALL OUT THERE	9 RECOVERY AFTER RACE Keep moving after you finish. Don't stop suddenly. • Walk or jog to cool down. • Rehydrate and refuel. • Reflect on your performance. ★ RECOVER WELL, IMPROVE MORE	10 REVIEW & IMPROVE Learn from every race. Look back and plan ahead. • What went well? • What can you improve? • Apply it to your training. ★ REFLECT, LEARN, GET BETTER

REMEMBER: A good strategy, strong preparation, and a positive mindset will help you run with confidence and achieve your best. Trust your training and enjoy the race!

2.6 Game Scenarios

GAME SCENARIOS

CROSS-COUNTRY

Different race situations require smart decisions. Be aware, adapt, and perform your best!

1 THE FAST START  What to do: • Don't go out too fast. • Settle into a steady pace. • Save energy for later. Key focus: Pace control and patience	2 THE HILL CLIMB  What to do: • Lean slightly forward. • Take shorter, quick steps. • Use your arms for power. Key focus: Strength, rhythm, and effort.	3 THE DOWNHILL  What to do: • Relax and maintain balance. • Take quick, light steps. • Don't brake or overstride. Key focus: Control, balance, and speed.	4 RUNNING IN A PACK  What to do: • Stay relaxed and focused. • Avoid unnecessary moves. • Follow and save energy. Key focus: Positioning and awareness.	5 BEING PASSED  What to do: • Stay calm and don't panic. • Keep your pace and form. • Use it as motivation. Key focus: Composure and confidence
6 PASSING OTHERS  What to do: • Do it gradually and smoothly. • Pass on a clear section. • Don't block or push. Key focus: Awareness and respect.	7 TIGHT CORNERS  What to do: • Slow down before the turn. • Take the inside line. • Accelerate after the turn. Key focus: Control and smart position.	8 TOUGH TERRAIN  What to do: • Watch where you step. • Shorten your stride. • Stay balanced and relaxed. Key focus: Adaptability and footwork.	9 THE FINAL KICK  What to do: • Increase effort in the last 300–400 metres. • Keep your form strong. • Give it everything! Key focus: Determination and strength.	10 BAD DAY RACE  What to do: • Stay positive and focused. • Control what you can. • Finish strong. Key focus: Mental toughness.

REMEMBER: Every race is different. Stay smart, stay calm, and trust your training. Learn from every race and keep improving!
 

2.7 Cool-Down and Reflection

2.7 COOL-DOWN AND REFLECTION

A proper cool-down helps your body recover, reduce soreness, and prepares you for your next run.

1

LIGHT WALKING

Walk slowly for 3–5 minutes after finishing your run.

Benefits:

- Gradually lowers heart rate.
- Prevents dizziness.
- Begins the recovery process.

2

SLOW JOG (OPTIONAL)

Complete a gentle jog for 2–3 minutes before walking.

Benefits:

- Helps remove waste products from muscles.
- Reduces stiffness.
- Promotes active recovery.

3

STATIC STRETCHING

Hold each stretch for 20–30 seconds without bouncing.

Include stretches for:

Benefits:

- Improves flexibility.
- Reduces muscle tightness.
- Helps prevent soreness.

4

DEEP BREATHING

Take slow, deep breaths while standing or walking.

Benefits:

- Restores normal breathing.
- Promotes relaxation.
- Helps the body recover.

5

HYDRATION

Drink water after every session.

Benefits:

- Replaces lost fluids.
- Supports muscle recovery.
- Prevents dehydration.

6

RECOVERY NUTRITION

Eat a healthy snack or meal within 30–60 minutes after exercise.

Choose foods containing:

Benefits:

- Restores energy.
- Repairs muscles.
- Supports recovery.

REFLECTION QUESTIONS

After every training session or race, ask yourself:

Did I maintain a steady pace?

Did I use good running technique?

When did I feel strongest?

What challenged me during the run?

What can I improve next time?

Did I encourage my teammates and show good sportsmanship?

What goal will I set for my next run?

REMEMBER: A successful cross-country runner doesn't stop improving at the finish line. Cooling down, recovering properly, and reflecting on your performance are essential steps towards becoming a stronger, healthier, and more confident runner.

UNIT 3

BASKETBALL

UNIT
3

Basketball

Basketball is a fast-paced invasion game played by two teams of five players. It develops coordination, speed, teamwork and strategic thinking.

LEARNING OBJECTIVES

By the end of this unit, you will be able to:

- explain the rules, scoring system and basic fouls in basketball
- perform and apply fundamental skills such as dribbling, passing, shooting and defending
- use attacking and defensive strategies in game situations
- work effectively as part of a team
- demonstrate respect, fair play and sportsmanship
- participate safely in basketball activities and games

WHAT YOU WILL LEARN

- 3.1 Introduction to basketball
- 3.2 Warm-up and mobility
- 3.3 Dribbling and ball control
- 3.4 Passing and receiving
- 3.5 Shooting and scoring
- 3.6 Defense and footwork
- 3.7 Attacking strategies
- 3.8 Game play and tactics
- 3.9 Cool-down and reflection
- 3.10 Assessment

KEY FOCUS AREAS

TECHNICAL SKILLS

Develop control of the ball, accurate passing, effective shooting and defensive techniques.

TACTICAL AWARENESS

Understand spacing, movement, decision-making and team strategies.

PHYSICAL FITNESS

Improve speed, agility, coordination, strength and cardiovascular endurance.

SPORTSMANSHIP

Show respect, communicate positively and support your teammates.

DID YOU KNOW?

Basketball was invented in 1891 by Dr James Naismith in Canada. It is now one of the most popular sports in the world!

SAFETY FIRST

- Always warm up before activity.
- Wear appropriate footwear and clothing.
- Stay aware of your surroundings.
- Play fairly and follow the rules.
- Keep hydrated.

KEY TERMS

dribble pass shoot lay-up pivot defense offense foul teamwork fast break

In This Unit You Will

Learning Objectives for Unit 3

By the end of this unit, you will be able to:

- ✓ Understand the history, purpose, and rules of basketball.
 - ✓ Identify the court layout, markings, equipment, and player positions.
 - ✓ Perform fundamental basketball skills, including dribbling, passing, shooting, and defending.
 - ✓ Apply offensive and defensive strategies during game situations.
 - ✓ Demonstrate teamwork, communication, leadership, and fair play.
 - ✓ Participate safely and confidently in basketball activities and competitive games.
 - ✓ Reflect on your own performance and identify areas for improvement.
-

Main Idea

Basketball is a fast-paced invasion game that develops coordination, agility, speed, teamwork, communication, and tactical awareness. Players work together to score points while defending their own basket through effective movement, passing, shooting, and decision-making.

Throughout this unit, you will progressively develop the technical skills and tactical understanding needed to participate confidently in basketball. Practical drills, game scenarios, and competitive activities will improve your physical fitness while promoting teamwork, discipline, and sportsmanship.

What You Will Achieve by the End of This Unit

Understand the Game

- Explain the history and development of basketball.
 - Identify court markings, equipment, and player positions.
 - Demonstrate knowledge of the rules, fouls, and scoring system.
-

Develop Technical Skills

- Dribble confidently with both hands.
 - Pass accurately using different passing techniques.
 - Shoot using layups, set shots, jump shots, and free throws.
 - Defend effectively using correct body positioning.
-

Apply Tactical Knowledge

- Create attacking opportunities through movement and spacing.
 - Apply defensive strategies during match play.
 - Make effective decisions under pressure.
 - Work successfully as part of a team.
-

Improve Physical Fitness

Throughout this unit you will develop:

- Agility
 - Speed
 - Coordination
 - Balance
 - Power
 - Reaction Time
-

Demonstrate Positive Sporting Values

You will learn to:

- Respect teammates, opponents, referees, and equipment.
 - Communicate effectively.
 - Show leadership and responsibility.
 - Demonstrate teamwork and fair play.
 - Reflect on your performance.
-

Unit Topics

Section	Topic
3.1	Introduction / Rules
3.2	Warm-Ups
3.3	Ball Handling
3.4	Passing
3.5	Shooting
3.6	Defense
3.7	Game Strategies
3.8	Game Scenarios / Match Play
3.9	Cool-Down & Reflection
3.10	Individual Assessment

Coach's Tip

Mr Filipe Baptista

"Great basketball players make smart decisions, communicate constantly, and always put the team before themselves."

3.1 Introduction / Rules

UNIT 4

BADMINTON

UNIT 4

Badminton

Badminton is a fast and exciting racket sport played by either two players (singles) or four players (doubles). It develops speed, agility, coordination and tactical thinking.

LEARNING OBJECTIVES

By the end of this unit, you will be able to:

- explain the rules, scoring system and terminology used in badminton
- perform fundamental skills such as grip, footwork, serves and basic strokes
- apply attacking and defensive strategies in singles and doubles
- demonstrate accuracy, control and consistency in rallies
- work effectively as part of a team and show respect for others
- participate safely in badminton activities and competitions

KEY TERMS

racket shuttlecock serve forehand backhand rally net clear smash drop shot

WHAT YOU WILL LEARN

- 4.1 Introduction to badminton
- 4.2 Warm-ups and mobility
- 4.3 Grips and footwork
- 4.4 Basic strokes: clear, drop, drive
- 4.5 Serves
- 4.6 Attacking strokes
- 4.7 Game strategies
- 4.8 Game play and tactics
- 4.9 Cool-down and reflection
- 4.10 Assessment

KEY FOCUS AREAS

TECHNICAL SKILLS

Develop correct technique in grips, footwork, serves and strokes for better control.

TACTICAL AWARENESS

Learn how to create space, place shots and anticipate your opponent's movement.

PHYSICAL FITNESS

Improve agility, speed, coordination and reaction time through dynamic activities.

SPORTSMANSHIP

Show respect, honesty and fair play in all games and activities.

DID YOU KNOW?

Badminton is one of the fastest racket sports in the world. The shuttlecock can reach speeds of over 300 km/h during a professional match!

SAFETY FIRST

- Always warm up before playing.
- Use the correct equipment.
- Be aware of others around you.
- Stay hydrated before, during and after activity.
- Follow the rules and listen to your teacher.

In This Unit You Will

Learning Objectives for Unit 4

By the end of this unit, you will be able to:

- ✓ Understand the history, purpose, and rules of badminton.
- ✓ Identify court markings, equipment, and scoring systems.
- ✓ Perform fundamental badminton skills including grips, footwork, serves, and strokes.
- ✓ Apply singles and doubles tactics during matches.

- ✓ Demonstrate good sportsmanship and respect for opponents.
 - ✓ Participate confidently in competitive badminton games.
 - ✓ Reflect on your own performance and set improvement goals.
-

Main Idea

Badminton is a fast, skillful racket sport requiring speed, coordination, balance, and tactical thinking. Success depends on accurate shot selection, efficient movement, and quick decision-making.

Throughout this unit, you will develop your technical skills through structured drills and competitive activities while improving fitness, coordination, and tactical awareness.

What You Will Achieve by the End of This Unit

Understand the Game

- Explain the history of badminton.
 - Identify court markings and equipment.
 - Demonstrate knowledge of the scoring system and rules.
-

Develop Technical Skills

- Use correct forehand and backhand grips.
 - Perform clears, drops, drives, and smashes.
 - Move efficiently around the court.
 - Serve accurately.
-

Apply Tactical Knowledge

- Select appropriate shots.
 - Apply singles and doubles tactics.
 - Maintain rally control.
 - Make effective tactical decisions.
-

Improve Physical Fitness

Develop:

- Agility
 - Coordination
 - Speed
 - Balance
 - Flexibility
 - Reaction Time
-

Demonstrate Positive Sporting Values

You will:

- Respect opponents and officials.
- Display honesty and fair play.
- Support classmates.
- Reflect on your learning.

UNIT 5

VOLLEYBALL

UNIT 5

Volleyball

Volleyball is a dynamic team sport played by two teams of six players. It develops coordination, communication, teamwork and strategic thinking.

LEARNING OBJECTIVES

By the end of this unit, you will be able to:

- explain the rules, scoring system and player rotations
- perform fundamental skills such as passing, setting, serving, spiking and blocking
- apply attacking and defensive strategies in game situations
- work effectively as part of a team
- demonstrate respect, fair play and sportsmanship
- participate safely in volleyball activities and matches

WHAT YOU WILL LEARN

- 5.1 Introduction to volleyball
- 5.2 Warm-ups and mobility
- 5.3 Ball control and passing
- 5.4 Setting
- 5.5 Serving
- 5.6 Attacking – spiking
- 5.7 Blocking and defense
- 5.8 Game strategies
- 5.9 Game play and tactics
- 5.10 Cool-down and reflection
- 5.11 Assessment

KEY TERMS

pass set serve spike block dig rally rotation court teamwork

★ KEY FOCUS AREAS

TECHNICAL SKILLS

Develop correct technique in passing, setting, serving, spiking and blocking.

TACTICAL AWARENESS

Understand teamwork, positioning, rotations and game strategies.

PHYSICAL FITNESS

Improve agility, coordination, jumping ability, strength and endurance.

SPORTSMANSHIP

Show respect, communicate clearly and support your teammates.

DID YOU KNOW?

Volleyball was invented in 1895 by William G. Morgan in the USA. It is now one of the most popular team sports in the world!

SAFETY FIRST

- Always warm up before activity.
- Wear appropriate clothing and footwear.
- Stay aware of your surroundings.
- Play fairly and follow the rules.
- Hydrate before, during and after activity.

In This Unit You Will

Learning Objectives for Unit 5

By the end of this unit, you will be able to:

- ✓ Understand the history, purpose, and rules of volleyball.
 - ✓ Identify the court layout, player positions, and rotations.
 - ✓ Perform passing, setting, serving, attacking, and blocking techniques.
 - ✓ Apply offensive and defensive strategies.
 - ✓ Demonstrate teamwork and communication.
 - ✓ Participate confidently in volleyball matches.
 - ✓ Reflect on your practical performance.
-

Main Idea

Volleyball is a dynamic team sport that develops communication, coordination, teamwork, and tactical awareness. Success depends on cooperation, movement, and effective ball control.

Throughout this unit you will progressively develop the skills required to participate successfully in volleyball through drills, games, and match situations.

What You Will Achieve by the End of This Unit

Understand the Game

- Explain volleyball rules.
 - Identify court markings and rotations.
 - Understand scoring and officiating.
-

Develop Technical Skills

- Forearm passing.
 - Overhead setting.
 - Serving.
 - Spiking.
 - Blocking.
-

Apply Tactical Knowledge

- Apply offensive formations.
 - Use defensive systems.
 - Communicate effectively.
 - Support teammates.
-

Improve Physical Fitness

Develop:

- Agility
 - Coordination
 - Balance
 - Jumping Ability
 - Strength
 - Reaction Time
-

Demonstrate Positive Sporting Values

Learn to:

- Respect teammates.
 - Show leadership.
 - Encourage others.
 - Display teamwork.
 - Reflect on improvement.
-

UNIT 6

SPORTS AEROBICS

UNIT
6

Sports Aerobics

Sports aerobics combines rhythmic movements with fitness exercises performed to music. It develops cardiovascular fitness, strength, flexibility, coordination and self-expression.

LEARNING OBJECTIVES

By the end of this unit, you will be able to:

- explain the purpose and benefits of sports aerobics
- perform a range of aerobic movement patterns with correct technique
- develop strength, flexibility and coordination through aerobic exercises
- create and perform individual and group routines with creativity and confidence
- work safely and support others during activities
- demonstrate respect, teamwork and positive attitudes
- reflect on your performance and set personal goals for improvement

KEY TERMS

aerobics rhythm routine coordination flexibility balance strength cardio sequence performance

WHAT YOU WILL LEARN

- 6.1 Introduction to sports aerobics
- 6.2 Warm-ups
- 6.3 Basic aerobic movements
- 6.4 Strength and toning exercises
- 6.5 Flexibility and stretching
- 6.6 Choreography and routine building
- 6.7 Group formation and synchronisation
- 6.8 Performance
- 6.9 Cool-down and reflection
- 6.10 Assessment

KEY FOCUS AREAS

- PHYSICAL FITNESS**
Improve cardiovascular endurance, muscular strength, flexibility and coordination.
- MOVEMENT SKILLS**
Perform movement patterns with control, accuracy, rhythm and expression.
- CREATIVITY**
Use imagination to create routines that are interesting and well-structured.
- TEAMWORK**
Work cooperatively, support others and perform with confidence.

DID YOU KNOW?

Sports aerobics became popular in the 1980s and has been part of international competitions such as the Fitness and Sports Aerobics World Championships.

SAFETY FIRST

- Always warm up before activity.
- Wear comfortable clothing and trainers.
- Drink water before, during and after exercise.
- Ensure you have enough space to move safely.
- Listen to your teacher and follow instructions.

In This Unit You Will

Learning Objectives for Unit 6

By the end of this unit, you will be able to:

- ✓ Understand the purpose and principles of sports aerobics.
 - ✓ Develop rhythm, flexibility, balance, and coordination.
 - ✓ Perform aerobic movement patterns safely and confidently.
 - ✓ Build and perform individual and group routines.
 - ✓ Demonstrate creativity, teamwork, and musical awareness.
 - ✓ Improve overall physical fitness.
 - ✓ Reflect on your own performance and set personal goals.
-

Main Idea

Sports aerobics combines movement, rhythm, strength, flexibility, balance, and coordination into energetic routines performed to music. It develops physical fitness while encouraging creativity, teamwork, confidence, and self-expression.

Throughout this unit, students will progressively learn movement patterns, strength exercises, flexibility training, and routine building before performing structured group routines.

What You Will Achieve by the End of This Unit

Understand the Activity

- Explain the purpose of sports aerobics.
- Understand safety procedures.

- Identify competition formats.
-

Develop Technical Skills

- Perform aerobic movement patterns.
 - Demonstrate strength elements.
 - Improve flexibility.
 - Coordinate movements with music.
-

Apply Performance Skills

- Perform individual routines.
 - Work effectively in groups.
 - Demonstrate timing and synchronization.
 - Perform confidently before an audience.
-

Improve Physical Fitness

Develop:

- Cardiovascular Endurance
 - Flexibility
 - Balance
 - Strength
 - Coordination
 - Rhythm
-

Demonstrate Positive Sporting Values

Learn to:

- Encourage teammates.
 - Respect others.
 - Show confidence.
 - Demonstrate creativity.
 - Reflect on personal progress.
-

Unit Topics

Section	Topic
6.1	Introduction / Rules
6.2	Warm-Ups
6.3	Basic Skills
6.4	Strength Elements
6.5	Flexibility
6.6	Routine Building
6.7	Performance
6.8	Cool-Down & Reflection
6.9	Individual Assessment

Coach's Tip

Mr Claudio Pardal

"Success in sports aerobics comes from precision, confidence, teamwork, and enjoying every performance. Practise with energy and always perform with a smile."
